WEYLER TALKS.

Tells How He is Going to Whip the Cubans.

Will Return to the Mountains and Resume Personal Charge of the Spanish Army.

HAVANA, Nov. 27.—So many contradictory statements have been attributed to Captain General Weyler since his return from the province of Pinar del Rio, that the correspondent here of the Associated Press was instructed to ask the Spanish commander for a full, official and authorized statement on the subject. Therefore, just previous to the departure of General Weyler for Pinar del Rio, the correspondent called at the palace, where he was courteously received by the general, who asked to supplement the exclusive interview with the correspondent of La Lucha, at Artemisa, which was cabled to the Associated Press on Tuesday afternoon and which contained his first public utterances since his return from conducting the operations against Antonio Maceo. This the general agreed to do. The correspondent opened the interview last evening by informing the captain general that the Associated Press was anxious, before his return to the field, to place before the public in the United States, his official view of the Cuban situation, adding: "It is understood that you returned from Pinar del Rio highly contented with the result of your recent operations, and it is asserted that you believe that Pinar del Rio will soon be pacified."

In reply the captain general said: "I am not only contented but am entirely satisfied with the result of my military plans there. We went over all the northern hills and occupied the insurgent positions without any serious resistance upon the part of the enemy. Caracajacara and Rubi, which the insurgents thought were impregnable, were occupied by our troops after dislodging the enemy. At Rubi he offered the greatest resistance, but yielded after a few hours' fighting. We found no trace of Maceo's people after that although all the points were reconnoitered by small detachments from columns. The southerly points were also reconnoitered and the positions where the rebels had encamped are now in possession of our troops. There remains still to be reconnoitered the ranges of hills in the eastern part of the province. Maceo has nothing left for him to do but to scatter his followers into small parties in order to enable them to escape our columns, which are now hunting for them, since they offer no resistance and refuse to accept a meeting with our troops, who are chasing them in all directions."

"Does your excellency expect soon to crush the insurrection in the province of Pinar del Rio and bring about its pacification within a short time!"

"I am confident of shortly pacifying Pinar del Rio," replied the captain general, "since all the strategic points are in my hands, and because of the constant activity of our troops in all directions, which completely hinders the escape of the small groups of insurgents who are now fleeing before them in disorder."

The correspondent asked: "Do you think the condition of the provinces of Havana, Matanzas and Santa Clara hampers or favors the suppression of the insurrection?"

The captain general replied: "These three provinces are more easily subdued from the nature of the ground. They have no hills like the province of Pinar del Rio, and the facilities for the movement of large bodies of troops are therefore greater. Besides the rebel bands in these provinces are less numerous and lack the elements and conditions of these in the province of Pinar del Rio. The leaders of the rebels in those three provinces also lack the importance possessed by Macco. Those who had any prestige have been killed."

"It is asserted," said the correspondent, "that Maceo lost many of his leading men who were with him and those who joined him after the invasion of Pinar del Rio."

To this the captain general answered: "Nearly all of Maceo's leading men who were at all available or possessed of military ability, have perished in other provinces or in the districts where they headed enterprises."

"It appears that the insurgents in Puerto Principe and the Santago de Cuba are displaying more activity than before," suggested the correspondent.

"Yes," answered Captain General Weyler, "but the provinces mentioned are not in a state of insurrection. Puerto Principe is probating a little and not much protection is needed there. The same may be said in regard to the Holguin and Bayamo districts. The rebels have destroyed all they could, and, besides, with the death of Jose Maceo the rebellion in the province of Santiago de Cuba lost much of its importance."

The general added: "I have no intention of allowing the attention of the troops to be distracted in that direction, for it is evident that that is the object of the insurgents under Gomez and Calixto, who possess dominating influence over the insurgents in those districts."

To Amend the Nicholson Law.

HAGERSTOWN, Ind., Nov. 27.—E. B. Reynolds, member-elect of the legislature from this county, proposes to introduce at the coming session of the legislature an amendment to the Nicholson law. The amendment will provide that the people of a township or ward shall express by secret ballot their wish regarding the issuance of license to sell intoxicating liquors in such township or ward, instead of by petition to the county commissioners, as the law is now. Mr. Reynolds will also attempt to secure the passage of an act abolishing the quart shop in Indiana.

HIGHWAYMEN

Fail at a Critical Point in Their Scheme.

Plan to Rob a Theater Party Which Is Returning Home on a Street Car.

KANSAS CITY, Mo., Nov. 27.—At midnight last night, four men, led by Oscar Bridges, said to be a bridge and parachute jumper of more or less notoriety, made an unsuccessful attempt to hold up and rob an electric car filled with passengers bound for Independence. Bridges was arrested after a desperate tussel with the motorman and brought here. The other men escaped, but their names are known, and it is believed they also will soon be lodged in jail. The gang is said to be the same that so boldly held up a westbound Chicago and Alton passenger train just outside of Independence about a month ago. The car was the regular theatre car returning to Independence from here and contained seventy passengers. When it reached a lonely spot, midway between the two cities, Bridges, unmasked, jumped onto the rear platform and, going through the car to the front end, boldly thrust a revolver to the breast of the motorman.

Another of the gang, who had quickly followed Bridges and wore a mask, had just entered the rear door and was in the act of ordering the passengers to hold up their hands when the conductor threw him from the car, which the motorman in some manner had been able to start. The two remaining robbers, who it appears were to have covered the conductor, became frightened at the quick action displayed by him, and when the second robber alighted on the ground, the three made off to the woods. In the meantime Bridges was tusselling with the motorman, to whose aid some of the passengers had come.

Many of the women became paralyzed with fright and screamed or cried, refusing to be quieted by the conductor or their male escorts. Bridges was finally overpowered without having fired his revolver, and the car proceeded on its return to Independence. This morning Bridges was brought here and after several hours in the sweat box admitted his identity and gave the names of his pals. These, the police refuse to divulge at present, but it is known that one of them is also a bridge jumper. In addition a saloonkeeper, whose name is also withheld, gave information to the police which makes it almost positive that the quartette were the same who robbed the Chicago and Alton train and who have cymmitted other depredations in and around Kansas City within the past two months.

The five volumes of the American encyclopœdia which were stolen from an Arabian store at the corner of Lafayette and Virginia streets have been recovered. They were found by boys in the Hoffman lumber yard and turned over to the police.

ON THE GRIDIRON.

Chicago Was Too Much for the Michigan Kickers.

The Beaneaters, Too, Succumb to the Prowess of the Chicago Athletic Foot Ball Eleven--Other Games.

CHICAGO, Nov. 27.—Chicago won. Its University men snatched the western collegiate football championship from the Michigan giants—7 to 6—and its Athletic club team humiliated the muscle of Boston—12 to 6. It was crowned because it excelled in science, skill and pluck, was swifter on foot, surer in hand and longer in head. Its fight was clean, its art was cunning and its brawn was iron. It sipped for the first time an overflowing thanksgiving cup of victory, and was so satisfied that it passed the bowl to Evanston, who missed success by a fluke which dimmed the glory of the Northwestern warriors, who beat down the farmers of Wisconsin—6 to 6.

The Coliseum game was not won until the timekeepers blew their whistles—the Athletic game was won at the beginning, and the Northwestern game was tied with but eight minutes to play. The Coliseum game was lost by poor generalship, the Athletic game was lost because Boston does not know how to play, and the Evanston game was tied because a skilled man fell in the mud and the ball was slick and slippery with drizzle.

It was a day of surprises. The victors in each of the contests were the losers of the prophets. It was expected that Michigan would eat up the men from Chicago. They earned the championship last year. Their supporters did not make it a question of success, but a matter of score.

The Athletic club had reprimanded its best men for professionalism by dismissal, taking upon the gridiron an eleven of less than two weeks' work.

The Northwestern expected to win its fight by a clean margin, and did win it to the last moments.

The net result is that the championship is still a matter of dispute and the managers of the collegiate teams will enter upon a discussion and a bandying of words to prove that the final honor is in the air and cannot be claimed by anybody until at least one more game is played.

PHILADELPHIA, Nov. 27.—The University of Pennsylvania foot ball eleven defeated Cornell yesterday, 32 to 10.

LAFAYETTE, Nov. 27.—Purdue and the University of Illinois played a tie game Thanksgiving, 4 to 4.

WANTS A RECORD.

United States Cruiser Philadelphia is Ambitious.

Will Attempt to Break All Records for Armored Cruisers--The Battleship Oregon.

SAN FRANCISCO, Nov. 27.—The United States cruiser Philadelphia wants to own a record, so navy gossip has it, and she fondly hopes to secure it on her coming trip to Callao. It is said that her officers have firmly determined that the vessel shall break all existing records for armored cruisers. Notwithstanding the officers refuse to corroborate the report it comes from a good source and would seem to be borne out by the nature of the preparations made for the voyage. No stop will be made on the way down, though it is usual for warships bound to South America to re-coal at Panama. In anticipation of the long voyage 1,500 tons of coal has been put aboard the cruiser and every inch of available space is being economized, encroachments even being made on the officers' quarters. The polished floor in the ward room has been taken up and a coal chute passes through the apartment. The Philadelphia has all the coal she can carry and tomorrow has been set as the sailing date.

SAN FRANCISCO, Nov. 27.—The battle ship Oregon returned today from a short cruise undertaken to give a board of inspection an opportunity of looking her well over. It was given out unofficially that the trial had been a great success and that the board was highly pleased with the ship in all her details, though their real findings will not be made public until after they have been sent to headquarters in Washington in the form of an official report.

COLDEST IN YEARS.

The Weather Breaks a Record in the State of Oregon.

PORTLAND, Ore., Nov. 27.—The thermometer registered 21 degrees above zero last night, which is one degree colder than it has been in Portland for twenty-four years on or before this date. In eastern Oregon the weather is also very cold. At Kemela, in the Blue mountains, the thermometer registered fifteen degrees below zero last night. It is feared that much damage to fall grain will result. Potatoes are also in danger of freezing as farmers have not had an opportunity to dig them on account of the unpropitious season.

Nebraska's Official Vote.

LINCOLN, Neb., Nov. 27.—The board of canvassers has completed the canvass of the vote on presidential electors in Nebraska. The figures are: Bryan, 115,625; McKinley, 102,625; Palmer, 2,797; Bentley, 738; Levering, 1,196; Machett, 172. Bryan's plurality, 13,060.

SENATOR DUBOIS

Says There Will be no Attempt to Pass the Dingley Bill.

The Silver Senators Will Keep up the Fight for Free Coinage and Hope to Win in '98 and 1900.

SALT LAKE CITY, Utah, Nov. 27.—Senator Dubois, of Idaho, says in an interview today that he has no idea that there will be any attempt to pass the Dingley bill at this session of congress; that it is a piece of legislation that failed at the last session and ought to fail at any session. When asked about the policy of silver senators in the next congress he said: "They will hold the balance of power in the senate and no doubt continue their aggressive fight for silver making all other issues subordinate to that. No matter what kind of a tariff we have there can be no prosperity except for the few under the gold standard. One more trial of the republicans will convince the people of this, in my judgment, and the silver advocates will win the congress in 1898, and the presidency in 1900."

Senator Cannon, of Utah, left for Washington this morning.

SHOOTING AFFRAY.

One Person Killed and Two Others Will Die.

The Trouble Started in a Saloon--Evidence Lacking as to Who Did the Shooting.

WILKESBARRE, Pa., Nov. 27.—A terrible shooting affray, by which one person was almost instantly killed and two others were so badly injured that they cannot recover, occurred at Duryea, three miles north of Pittston, early today. The trouble started in a saloon where twenty or thirty Poles were drinking. Nearly all the men were armed with revolvers and shooting began at once. James Motily was shot in the abdomen, his death resulting within two minutes. John Bates was shot through the left side of the back and cannot recover. Another man was carried away by his friends, shot in the breast. His injuries are fatal. No arrests have yet been made and evidence is lacking as to whom did the shooting.

ARMENIAN REFUGEES

Plunged Into Greater Distress by a Storm.

The Waters at Athens Inundate Their Camp and Destroy Their Tents.

ATHENS, Nov. 27.—An immense amount of damage has been caused by the terrible storms and floods which have inundated the low lying quarters of this city and the Piræus, drowning a number of people, flooding the gas works at the latter place and plunging the port in complete darkness last night. Many houses have been destroyed and the tents sheltering the Armenian refugees have been swept away. As a result of the disaster great distress prevails. Detachments of sailors from the foreign warships in port have been assisting all the night long in the work of rescue.

DRIVEN OUT.

Germany Sends Tom Mann From That Country.

He is Arrested Upon the Charge of Inciting to Create Disaster and is Sent to England.

HAMBURG, Nov. 27.—It now seems that the report circulated in London last night and subsequently denied that Tom Mann, the well known English labor leader and prime mover in the proposed universal dockers' strike, has been arrested in Germany is correct. Mann was taken into custody at Eimsbruetta, charged with inciting to create disaster, and was placed on board a steamer bound for Grimsby, England, after having been cautioned not to return.

O. N. Heaton, Dr. C. H. English and H. B. Smitley, with their families, spent Thanksgiving at the Heaton homestead, ten miles south of the city. It was a merry family reunion.

A TEXAS CYCLONE.

One Mile Wide and Eight Miles in Length.

Farm Houses Destroyed, a Child Killed and the Grass Torn From the Earth.

WACO, Tex., Nov. 27.—The cyclone raged twenty miles from here yesterday and devastated a strip one mile wide and eight miles in length. A number of farm houses were demolished in the vicinity of Mart, McLennon county, and information comes from Reisel, six miles from Mart, that the residence of Buck Doughlass was totally destroyed, his wife severely hurt and one of his children killed outright. Five persons were more or less injured as far as heard from. The temperature ranged nearly at summer heat prior to the storm. In passing over the prairie the cyclone took away everything it touched, leaving the earth bare of grass.

MONEY MISSING.

So is George E. Ross, a Kansas City Express Clerk.

He is Under Surveillance, However, in St. Louis--Others Implicated Who Are Not Yet in Custody.

KANSAS CITY, Mo., Nov. 27.—Geo. E. Ross, missing money clerk for the Pacific and United States Express companies, has been located in St. Louis by the surety company that furnishes his bond, and is now under surveillance by them. It is now stated that the express company officials had all along known of Ross' exact location, but have kept it quiet because there are, it is said, others implicated who are not yet in custody. Last Sunday there was handled through the office over which Ross presided, money packages containing $110,000. Already $2,300 of this amount is known to be missing and the books are still being gone over. Shortage checks have been coming in so regularly since the examination began, it is said, that the officials now fear the whole $110,000 may never have reached its destination. The system of checking is necessarily slow, the packages having been destined for various points.

HIS HEART TOO BIG.

Remarkable Physical Condition Revealed by the Death of an Oregon Man.

PORTLAND, Ore., Nov. 27.—John Randolph, of 128 North Fifteenth street, died last night because his heart had enlarged to the size of a bullock's. He had just seated himself at the table, when he fell suddenly forward and expired. Coroner Koehner held an inquest with an autopsy. The condition of the man's heart as revealed by the surgeons surprised the doctors. How it had been possible for him to live, much less perform the hard labor by which he supported himself and family for years past, is a marvel to the surgeons.

Randolph's heart was so enlarged that pressing into the cavities of the chest it had so reduced the cellular space of the lungs that only about one-fifth of the air cells could be brought into play. The enlargement downward had interfered with the stomach in such a manner that it is impossible to conceive how any but liquid food could be taken by the man. Yet the poor fellow had daily appeared on the docks ready for work and when given it tried his utmost to hold up his end. It is amazing that he could have taken sufficient oxygen into his compressed lungs to enable him to walk, much less trundle a cargo truck, for the air he inhaled at each breath was less than that required by a healthy six-year-old lad.

He had for years been doing the arduous labor of a longshoreman on the river front. Randolph was a widower, with three young children. The oldest, a girl, looked after the household duties. He had not complained of any serious pain beyond a shortness of breath at times.

PREACHER TREED BY A BULL

Nearly Knocked From His Perch by the Enraged Animal.

BELLEFONTE, Pa., Nov. 27.—Rev. C. C. Miller, pastor of the Bellefonte United Brethren church, has had an exciting adventure with a bull. He and two young women had been calling on a neighbor, and the trio started home at 10 o'clock across a field, and when about half way over were attacked by a mad bull. Rev. Mr. Miller bravely went for the animal with clubs and stones, until the woman escaped and then had to save himself by climbing a tree. The enraged animal butted the tree hard and often, and it was only with the utmost difficulty that Rev. Mr. Miller could retain his hold until help could arrive, attracted by his loud cries. Finally the owner came, but he was driven away by the bull, and it was only after the animal had been driven out of the field with dogs that the preacher could be liberated.

CONFESSED JUDGMENT.

Chicago Wholesale Dealers in Laces Forced to the Wall.

CHICAGO, Nov. 27.—Shoninger, Levy & Co., wholesale dealers in laces, confessed judgments today for amounts aggregating over $50,000, the Corn Exchange bank being a creditor for $20,000. The exact assets are not known but the liabilities are placed at $75,000. Difficulty in making collections in the last few months is given as the reason for the failure, the firm having a large number of outstanding accounts.

DIPHTHERIA!

The Dreaded Malady in Central Indiana.

Portland, Columbus and Center Point Have it in an Epidemic Form--Towns Quarantined.

INDIANAPOLIS, Nov. 27.—Secretary Hurly, of the state board of health has received advices that diphtheria is epidemic at Columbus, Center Point and Portland and all cases have been quarantined and radical steps taken to eradicate the disease. At Columbus Local Health Officer McCoy has stopped all public meetings and entertainments. In Portland the epidemic has assumed a serious phase. The first case was reported in August, and to date there have been nearly 200 cases, with about thirty-five fatalities. Sunday schools were closed six weeks ago and entertainments and public meetings prohibited Monday. Everything is being done for an abatement of the disease, which is not only epidemic in the city, but prevalent throughout the surrounding country.

DIED OF DIPHTHERIA.

Mr. and Mrs. John Reinemeyer Lose Their Two-Year-Old Boy.

Oscar, the two-year-old son of Mr. and Mrs. John Reinemeyer, died of diphtheria last night. The funeral was held this afternoon from the residence, 169 Rockhill street, and was private.

The funeral of Miss Augusta Bohde will be held tomorrow afternoon at 1 o'clock from the residence, 25 Maumee avenue, and at 1:30 from St. Paul's Lutheran church.

YENNI.

Gottlieb Yenni, of 169 Montgomery street, died yesterday at 1 o'clock, aged sixty-three years. The deceased was born in Hamburg, but came to this country in early life. He leaves two daughters, Mrs. Charles Segar and Mrs. Elliott, and a son, and with the latter he made his home for the past few years. Funeral arrangements will be announced later.

The funeral of Mrs. Felanda Jacobs will take place Sunday at 1 p. m. from the residence, on East Columbia street.

LOCAL LINES.

Kekionga court, Order of Foresters, will meet tonight.

D. K. Hayes, of New Haven, is in the city to take the civil service examination.

Mr. and Mrs. T. C. Stonebrook, of 168 Greeley street, gave a pedro party last evening.

Miss Mary Wren, of Logansport, is the guest of Miss Lizzie Niemann, of Brackenridge street.

Ike Hamburger, a well known Cincinnati shoe man, accompanied by his wife, is at the New Aveline.

Miss Lena Provines, stenographer of the Fort Wayne Electric corporation, spent Thanksgiving at Montpelier.

C. M. Bissell, general manager of the Findlay, Fort Wayne and Western railway, is entertaining his wife and son from Albany, N. Y.

Alfred Little and wife and Arstead Grosjean, wife and children, of Wallen, were among the Thanksgiving visitors at the Grace church dinner. They were guests of Mr. and Mrs. George Stevens.

Bart McCarthy, business manager of the Indianapolis Sentinel, and John McCarthy, of Chicago, are the guests of their parents on Colerick street. They will leave for their respective homes tomorrow.

H. W. Jones, of the Pope Manufacturing company, the first firm to manufacture bicycles in the United States, is at the Randall. Mr. Jones is looking after the western trade. He was joined here by E. A. DuBois, state agent of Ohio.

There was a large attendance at the revival services in St. Paul's M. E. church last night. There were three conversions and a number of persons made requests for prayers. Rev. M. C. Cooper is much encouraged at the bright prospects for a successful revival.

There will be a union meeting of the Y. W. C. A. and the two departments of the Y. M. C. A. in the Third Presbyterian church Sunday afternoon at 3 o'clock. Brief pointed addresses will be given by representatives of these organizations. The Y. M. C. A. orchestra will assist and the Y. M. C. A. quartet will sing. Everybody is invited.

The Illustrated Home Journal, published by the Lange company, in its last issue contains a finely illustrated account of the Indiana School for Feeble Minded Youth in this city. It also has a meritorious article, entitled "Books for Children," from the pen of Mrs. Laura G. Detzer. The editor of the magazine is Rev. Adam Detzer, a brother of the Detzer boys in this city.

WORK, BUT FEW MEN.

Contractor Derheimer Engages Laborers in This City.

Difficulty in Securing Help for the Sewer Now Being Built at Bluffton.

Josep Derheimer, the contractor, was in the city today. He came in Wednesday evening on a two-fold mission. One was to spend Thanksgiving with his family and the other was to procure men to work on the sewer contract. He has accomplished both to his entire satisfaction and returned to the scene of operations this morning. About twenty-five men accompanied him.

Mr. Derheimer said to a reporter: "Ever since we took the sewer contract several weeks ago we have had trouble getting enough men to do the work. There are plenty of idle men about, but they seem to shun work of this kind. It is true the pay is only $1.25 to $1.50 per day, but the weather has been nice and it is certainly no hardship to do this kind of labor. Men can go from Fort Wayne, pay their board in Bluffton and still have something left to send to their families, if they have any. There are, also, many single men lying around who would be better off working for us than doing nothing."

WILL INVESTIGATE

Charges Against Members of the Fire Department.

Captain Baker and Fireman Saffen on the Carpet--Meeting of the Two City Boards.

This evening the board of safety will meet and take up the charges against Captain Baker and Fireman Will Saffen, of engine house No. 5, on Broadway. These members were suspended some time ago pending an investigation and it is supposed that tonight's proceedings will exonerate them and reinstate them in the service or dismiss them. The specific charges are not made known, but they are arraigned for alleged offenses "unbecoming public employes."

BOARD OF WORKS.

The board of works will this evening hold their last Friday night meeting, the regular sessions hereafter to be held on Thursdays and Mondays. The change was made to better facilitate the work of Clerk Schmidt, the interim between the Friday and Monday evenings heretofore not giving sufficient time in which to prepare the reports and minutes. Only routine business will come up tonight.

OFFICERS CHOSEN.

Retail Clerks Meet and Discuss Early Closing.

Wayne Tent, K. O. T. M., Has a Social Session and Nominates Officers for Next Year.

The retail clerks held a meeting on Wednesday evening, at which they elected officers as follows:

President—William Ropa.
First Vice President—George Bourie.
Second Vice President—Carl Levi.
Recording Secretary—Charles Neireiter.
Financial Secretary — Nathan Rothschild.
Delegates to the Trades and Labor Council—Isadore Friend, Jacob Dessauer, Louis Schirmeyer, Charles Kratsch, H. Reinhardt.

The question of early closing next year was brought up and enough expression was heard to show that an enormous pressure would be brought to bear upon the early closing movement next year.

A SOCIAL SESSION.

Last evening the members of Wayne Tent, No. 54, K. O. T. M., held a social session lasting from 8 o'clock until midnight. A progressive pedro of twelve tables was a feature of the evening, there being first and booby prizes. William Wright secured high honors and secured a fine glass water set, while Thomas Florence carried off the booby.

During the evening officers were placed in nomination for the election next Thursday evening.

SENATOR FORAKER

Preparing for a Call Upon the President-Elect.

He Will be Accompanied to Canton by National Chairman Mark A. Hanna.

CLEVELAND, Ohio, Nov. 27.—Senator J. B. Foraker was a visitor at the office of National Chairman M. A. Hanna today and the two gentlemen had a brief conference. It was stated that Senator Foraker came to this city upon legal business and that his call upon the national chairman was simply social and not to discuss political matters. The senator will go from Cleveland to Canton this afternoon and make a short call upon the president-elect. Chairman Hanna said today that, owing to a crush of personal business matters here, he would be unable to start for Washington to arrange the details for the inauguration ceremonies until the latter part of next week.

An Author Dead.

LONDON, Nov. 27.—Miss Mathilde Blind, the author, lecturer and staunch advocate of the improvement of education and economical and political position of women, is dead, aged fifty years.

JAIL PRISONERS

Return Thanks for Their Thanksgiving Dinner

And the Musical Entertainment Given Them by the Band From the I. F. M. Y.--Court Notes.

Sheriff Melching this morning received from the inmates of the county jail a long letter of thanks for the fine dinner and entertainment furnished them yesterday. Thanks were also extended to the I. F. M. Y. band for music and Miss O'Neil for a sweet solo sung to them. The prisoners said that the dinner furnished them was undoubtedly much better than many persons who were at liberty had the pleasure of enjoying.

COURT NOTES.

This morning James Scott et. al. commenced replevin proceedings in the circuit court against Adolph Hirsch and Louis Wolf for $600 worth of goods. The papers were placed in the hands of Sheriff Melching, who now has possession of the stuff. J. B. Harper and H. C. Hanna are attorneys for plaintiffs. Sheriff Melching will probably be compelled to rent a room to put the goods in until the courts have finally determined their ownership. Several other suits will probably be brought. It is understood that the Claflins will bring suit in the federal courts.

In the circuit court this morning, Hon. Thomas E. Ellison, attorney for the Hoosier Manufacturing company, filed suit on a note for $400 against the Consolidated Street railway and P. A. Randall.

The case of Dick & Taylor, bankers of Huntington, vs. John Rice et. al. is on trial in the superior court before a jury. The suit is on a note for $90. The defendants deny ever having executed the note. Breen & Morris are plaintiff's attorneys and P. B. Colerick is attorney for defendants.

Adam Evert was on trial this morning before Justice France for provoke. He was acquitted.

Lodoske Potter charged George Shafer with provoke and 'Squire France this afternoon acquitted him.

The county commissioners were not in session today.

SERIOUS LOSS.

Mrs. Julia Randall's Southern Home Swept by Flames.

Residence and Contents Destroyed--Loss of $5,000, With no Insurance.

P. A. Randall today received a letter from Mrs. Randall conveying the unwelcome intelligence that her beautiful villa at DeFuniak Springs, Florida, has been destroyed by fire. The flames swept everything, not an article being saved from the contents. The loss is about $5,000, and it is supposed that there was no insurance.

Lifts the Gates.

LISBON, Nov. 27.—The government of Portugal has authorized the importation of 138,000,000 kilos of wheat, to supplement the deficiency in the national supply.

NEXT comes Christmas, four weeks from today.

THE American people will now quit discussing foot ball and watch their representatives in congress for a few months.

JAMES B. MORROW, editor of the Cleveland Leader, has been moved to deny the rumor that he is to be a member of the McKinley cabinet. His denial takes this emphatic from: "I never have been, I am not now, and, God being willing, I never shall be a candidate for office. I am a newspaper man."

RELIGIOUS revivals are being held all over the union. Fort Wayne has no Moody, but the local evangelists are effective in the good work.

THE foot ball season is practically over and last evening many fond parents could give thanks that an athletic son was still alive and out of a hospital.

THE American people are anxiously awaiting President Cleveland's message to congress. They are especially interested as to what he will say about Cuba.

THE western states are enjoying cold weather and heavy snows which the weather prophets intimate with confidence will be the condition hereabouts before many days.

SERVICES in all the local churches were well attended yesterday. This is as it should be and refutes the statement so often made that Thanksgiving day is yearly becoming a sporting holiday rather than one of thanksgiving.

THERE was an innovation in the Chicago-Michigan foot ball game yesterday. It was the first game ever played under roof and for a time electric lights were burning. The big crowd unanimously expressed themselves in favor of the indoor game.

LORD SALISBURY'S luck in the matter of high ecclesiastical patronage is holding out. In fifteen months he has had to appoint an archbishop of Canterbury, and bishops of Winchester, Rochester, Chichester, Newcastle, Peterborough and London, a fifth of the whole bench. Twenty-four of the present bishops, about three-fourths of the whole number, have been appointed by him.

PREVIOUS inaugural balls have been held in the pension office, but the new congressional library has been suggested for the next one. Librarian Spofford has protested, however, and a number of pastors and church people in general have reinforced him on moral grounds. Their contention is that, while the new president and other high officials have always attended, their action has been out of deference to custom and often against inclination. They assert that the function has degenerated from southern colonial antecedents to a mere money making affair, and would prefer a public reception.

IN Boston the fuss about accepting the Macmonnies Bacchante has been wholly obscured by the sudden controversy about the punctuation of her name. At first they made it three syllables; then some purists contended for two; Longfellow's rhyme of "Bacchantes" with "Zantez" was quoted; dictionaries were brought out, and things reached fever heat. The Transcript says: "Come one, come all, no Connecticut dictionary makers or others should ever make him fly from his three syllables." While the Herald says "scissors," thus: "Nevertheless, it is only two syllables, with the accent on the second preferred."

CAPT. GEN. WEYLER, the governor and commander-in-chief of the island of Cuba, is tormented with other anxieties besides those connected with the suppression of the insurrection. For his wife is lying dangerously ill at Barcelona, his eldest son is in the last stages of consumption and expected to die at any moment, while his little children, who are not in Havana, are staying with various friends and relatives owing to there being no one at home to look after them. Under the circumstances his imminent return to Spain on the plea of family affairs of a pressing character can not be regarded as a mere pretext.

THE visit of the Prince and Princess of Wales to Blenheim castle illustrates how, in monarchial countries, ancient burdens are perpetuated. The incident recalls the "royal progresses" which for ages have been the trouble and burden of the subject, in Great Britain, and have served to ruin, financially, all save the most wealthy. Queen Elizabeth practiced this method of bankrupting her nobility, and the Prince of Wales is quite as formidable as he is expensive, and in directions unknown, at least unpracticed, by the "Virgin Queen." The Prince of Wales' visit to Blenheim will cost the Duke of Marlborough many thousands of pounds for direct entertainment for himself and party, and besides, the duke must play with the prince, and when the prince honors a duke or inferior person by sitting in a game with him the prince is accustomed to win. Few persons in Great Britain, it is the common report, are rich enough to long enjoy the intimacy of the Prince of Wales. The Duke of Marlborough and his family must deeply appreciate the honor of a visit from the prince, since the expense of entertaining a gambler who carries his own cards with him is notoriously great.

SECOND NIGHT.

Fair of St. Paul's Catholic Church a Success.

Large Crowd in Attendance--Gold Watch Contest Opens Tonight--Fair Notes.

A large crowd was in attendance at the St. Paul's Catholic fair in Library hall last evening.

The voting contest for a gold watch is the center of rivalry among the young ladies and their friends. The contestants are the Misses Carrie Gruber, Celia Parr and Loretta Merz. The award will be made tomorrow evening. The doll contest among a dozen demure young misses, excites much interest, and the contestants are working hard for the prize. The reverend pastor, assisted by his committees, are doing good work, and deserve a full measure of success. Many new features are to be added tonight, and the program will be highly interesting. The band from the state home played for the delectation of the visitors, rendering a fine musical program during the evening, under the capable direction of Professor Grodzik.

The fancy table is located at the right of the main entrance, and a corps of young ladies wait on the purchasers of fine fancy wrought goods, of which there is a large and attractive stock. At the south side of the building is the soda fountain and liquid refreshment table, where the thirsty are regaled with lemonade, soda and other choice beverages. The doll and flower booth is of peculiar interest to the young people. The little one's eyes are delighted by a magnificent array of gorgeously dressed princesses, fairies and common, every-day babies, and garlands of the choicest garden beauties are invitingly and temptingly displayed.

The fish pond occupies a place in a corner, but it is well patronized for all that, and wonderful tales are told of the prowess of the anglers, who are said to reap rich rewards with hook and line.

The "grab table" is near the front entrance, at the left hand side, and the seeker after treasure finds a rich field for adventure, with a winning prospect.

The ice cream booth is presided over by a band of pretty young ladies, who serve the cooling ices with a grace that captivates the customer and makes him wish for more of their delicious wares.

The confectionary booth occupies a conspicuous position in the center of the large hall, and the choicest sweets are shown in tempting array.

The prizes to be awarded are exhibited near the stage, and the lucky winners will have reason to rejoice. A large bed room suite of solid oak, couches, easy chairs and a fine lot of paintings fill up the prize list. The stage, which is handsomely decorated with flowers and palms, is utilized as a cafe, and here the ladies of the congregation serve tempting meals at all hours of the evening, until the close, and none need go away hungry.

FOOT BALL.

Three Lively Games on Thanksgiving Day.

Van Wert Meets Overwhelming Defeat--Game at Concordia--High School Loses.

Fort Wayne won the game from Van Wert yesterday, the score standing 40 to 0. A good crowd was in attendance. The Buckeyes were not in it from the start. They don't know the game sufficiently well to be going out and playing such clubs as they ran against yesterday. The visitors did not make a single yard with the ball. Coach Kinnaird helped the game along nicely.

The line up and score was as follows:

SCORE.

Fort Wayne	40
Van Wert	0

POSITION.

Fort Wayne		Van Wert
Hess	Left end	Haynor
Laing	Left tackle	Sias
Schulz	Left guard	Leichty
Bradley	Center	Kellar

Orff	Full back	Reese

Touchdowns—Orff (3), Dick, Laing, Lane, Urbahns (2).
Goals Kicked—Bradley (4).
Goals Missed—Orff (3), Bradley (1).
Injured—None.
Time of Game—One 35-minute, one 20-minute half.
Umpire—Prof. A. B. Crowe.
Referee—Mr. S. C. Moffat.

AT CONCORDIA.

The "Juniors" and "All Concordias" played on the Concordia campus to a large and enthusiastic audience. The "All Concordias" won by a score of 4 to 0. It was a good game. The first half developed some brilliant plays and neither side scored. In the second half, toward the last, everybody was in the game and it was a hot contest to the finish.

HIGH SCHOOL DEFEATED.

The City Juniors and the High school eleven played a pretty game, which resulted in the defeat of the latter team. Score—City Juniors, 24; High school, 6. The line-up was as follows:

City Juniors—Schoenbinen, quarter back; Mungen, right guard; Fox, right tackle; Kemp, right end; Baker, right half; Bowser, left guard; Keil, left tackle; Heller, Moten, left end; Mannheim, left half; Hartwig, full back; Bradshaw, center.

High School—Lang, quarter back; Gibson, right guard; Newton, right tackle; Kane, Jenness, right end; Davis, right half; Hopkins, left guard; McDonald, left tackle; Driesback, left end; Keel, Jenness, left half; Schultz, full back; Keech, center.

MODEL FARMING.

Poor People Pursue Agriculture on a Small Scale.

By Their Industry They Have Provisions for Winter--A Plan of the Associated Charities.

During the last planting season Associated Charities took up a scheme for the relief of the unemployed, whereby these unfortunates might be enabled to provide something to eat for themselves in the winter. Their project was to do farming on a small scale on various vacant lots in different parts of the city; and having secured permission from various property owners to work the ground, they proceeded to carry out the plan by first having the lots ploughed, then turning them over to the needy who would agree to work them for what they could raise. In this way they started thirty-three "city farms." The harvest of this scheme is just now coming to be known, and the results are satisfactory. Seventeen tenants who have thus far given an account of themselves to Secretary Prevey, of the Associated Charities, have reported a total amount of crops as follows:

Potatoes, 314 bushels.
Green corn, 22 bushels.
Ripe corn, 24 bushels.
Cabbage, 939 heads.
Green beans, 11 bushels.
Ripe beans, 5 bushels.
Beats, 7 bushels.
Peas, 1½ bushels.
Squashes and pumpkins, 92.
Pickles, 35 gallons.

The plan will probably be carried out on a broader scale next year.

Pre-eminently the finest and best equipped train run by any transcontinental line to the Pacific coast is the famous Sunset Limited of the Southern Pacific, which will resume its trips across the continent for the season of 1896-7 with the train leaving New Orleans November and running each Monday and Thursday thereafter. The line of the Southern Pacific is never interfed with by snow or ice, and the winter journey via it is like a trip to Southern Italy. The way leads through Southwest Louisiana, Southern and Central Texas, Arizona and New Mexico, and on through the orchards and vineyards of California to the Golden Gate. The country is a most attractive and romantic one. If you want to read about it or know of the Sunset Limited service write W. G. Neimyer, general western agent Southern Pacific railroad, 238 Clark street, Chicago, who will cheerfully furnish you with abundant literature.

BRANCHING OUT.

Daniel Frohman Takes Charge of Opera Houses.

The Grand and the Walnut Street Theaters, of Cincinnati, Now in His Hands.

CINCINNATI, Ohio, Nov. 27.—Daniel Frohman has secured the control of the two leading theaters of Cincinnati, the Grand opera house and the Walnut Street theater, and will control the booking at these houses and share in the profits. Mr. Frohman becomes a partner with the present proprietors, Messrs. Ranforth and Havelin, and thus adds these theaters in Cincinnati to the Frohman syndicate. The agreement is for a term of five years. The local managers look upon the arrangement as one that will add to the value of the attractions that will be presented in Cincinnati.

QUARRY OWNERS COMBINE.

All the Firms in Ohio to Unite in One Big Corporation.

CLEVELAND, Nov. 27.—Before the beginning of the new year a big corporation will be formed embracing practically all the sandstone quarry interests of the United States. Practically all the building sandstone quarried in this country east of the Rocky mountains comes from northern Ohio, the only other place where it is found being in a small spot near Denver.

The companies that will become part of the new corporation are the Malone Stone company, quarries at Euclid and Amherst, Ohio; Cleveland Stone company, quarries at Berea and Amherst; Forest City Stone company, quarries at Euclid and Columbia Center, Ohio; Mussey Stone company, quarries at Elyria and Amherst, O.; Elyria Stone company, quarries at Grafton, Ohio; Grafton Stone company, quarries at Grafton, Ohio; Bailey Stone company, quarries at Berlin Heights, Ohio; Bryant Stone company, quarries at Elyria, Ohio, and Ohio Stone company, quarries at Independence, Ohio.

A year ago these companies came together and made a price agreement. Previous to that time they had for some time failed to make money, but after the agreement profits became larger. The agreement has been kept, and now it is thought best to solidify it by means of one great corporation. It is estimated that a saving of 10 per cent. will be made in operating expenses alone. The capital will be $5,000,000, and the intention is to buy up all the small quarries not in the combination.

VOORHEES IMPROVING.

Gaining in Strength--To Take the Lecture Platform.

TERRE HAUTE, Ind., Nov. 27.—Senator Voorhees has so far improved in health that in the last few days he has taken two walks from his hotel. He is gaining in strength and flesh rapidly. The senator was annoyed by the report that he had become a victim of paresis, but is content in the knowledge that his return to his duties in the senate will be ample refutation of the story. Concerning his retirement from the senate by the election of a republican majority in the Indiana legislature, he does not seem much disappointed. It is understood that he is intending to go on the lecture platform, and is now eagerly looking forward to the work of preparation of his lectures. It is said the subjects will be some of the statesmen of America in the early part of the century.

CANVASSING BOARD.

Kentucky's Election Now Being Officially Settled.

FRANKFORT, Ky., Nov. 27.—The state canvassing board convened here today to canvass the official returns of the state. National Committeeman York and Chairman Roberts and Mr. Fletcher Cash are among the prominent republicans on hand, and the silverites have Chairman Johnson, Elector W. B. Smith and Attorneys Lee Suter, of Louisville, and James M. Black, of Barbourville. The silver men are taking exceptions to the alleged irregularities in some counties in the contest which they propose to make. Governor Bradley has not returned from Lancaster and his place on the board is filled by Auditor Stone.

TWO MATCHES

Arranged for the Next Entertainment of the Occidental Club.

SAN FRANCISCO, Nov. 27.—The Occidental club has made two good matches for its next entertainment, which will come off December 14. Al Herford, of the Empire Athletic club, of Baltimore, will bring Joe Ganz to this city to meet Dal Hawkins, whom he recently met in New York. He will also bring Jack Ward, who has been matched against Jimmy Anthony, and a hot fight is expected between the little fellows. Henry Callahan has deposited $250 forfeit for a $1,000 side bet between Anthony and Ward, Callahan backing Anthony. The bouts will be of ten rounds each.

ORGANIZING.

Ship Owners Combining to Fight Labor Unions.

HAMBURG, Nov. 27.—The ship owners and port labor contractors have decided to join the Employers' Federation in order to present a united opposition to the strikers. The Hamburg-American company's lightermen and ship cleaners have joined in the strike. Eleven thousand men are now out.

LIVE BIRD SHOOT.

Parmalee Defeated Elliott, Killing Ninety-two Birds.

OMAHA, Neb., Nov. 27—F. S. Parmalee, of Omaha, and J. A. R. Elliott, of Kansas City, met on the Omaha Gun club grounds in a 100 live-bird match for $500 a side. The contest was exciting. Elliott's first bird was clear out of bounds, but from that point he made a run of forty-one birds without a miss. The final score was: Parmalee, 92; Elliott, 91. Elliott missed his last, which would have made a tie.

WHEAT GOES UP.

Another Increase in the Market This Morning.

Argentine Advices Report Further Damage to Crops in That Country--Corn and Oats Quiet.

CHICAGO, Nov. 27.—Wheat opened surprisingly strong this morning, curb prices rather indicating a weak market. May, which closed Wednesday at 83¼ cents, opened at from 82⅝ to 83 cents and immediately sold to 83¾. The strength was due to late Liverpool cables, which were only about one-third as large as last year. Realizing brought about a reaction to 83¼ cents, but on the receipt of Argentine advices reporting further damage to crops in that country the price turned upward again, May selling to 84⅜ cents at the end of the first hour's trading.

Corn was quiet but steady, the smallness of trading keeping fluctuations within narrow lines. May opened a shade lower at 27¼c, sold at 27⅜c and steadied at the opening price.

Oats, quiet and steady, following corn. May opened unchanged at 22⅝c and eased off a split fraction.

CHICAGO, Nov. 26.—Wheat—Nov., 81⅜c; Dec., 81⅛c; Jan., 81⅛c; May, 84⅜c; July, 80¼c.

Corn—Nov., 23¾c; Dec., 23⅛c; May, 27⅜@27½c.

Oats—Nov., 19c; Dec., 19¼c; May, 22⅝c.

Pork—Nov., and Dec., $6.80; Jan., $7.77½; May, $8.10.

Lard—Nov. and Dec., $3.85; Jan., $4.07½; May, $4.27½@4.30.

Ribs—Nov. and Dec., $3.85; Jan., $3.90; May, $4.07½@4.10.

Mr. and Mrs. William Orrick and children had planned an extended visit to old Scotland this winter and had arranged to leave Fort Wayne week after next, but Mr. Orrick has been forced to forego his visit until next winter on instructions from his employers, who have just received several big orders for timber needed in Europe as soon as possible. Mrs. Orrick had never seen the old land and had looked forward to the trip this winter with much pleasure.

Last evening at 8 o'clock at the residence of the bride's mother, 36 Home avenue, occurred the marriage of Miss Anna Ricke and Mr. Diederick Deister. The ceremony was performed by Rev. Wambsgans in the presence of about fifty friends of the happy young couple. Mr. Deister is a shipping clerk in the employ of G. E. Bursley & Co. and the bride is one of the south side's prominent young ladies. Mr. and Mrs. Deistor left this afternoon for a week's visit in Chicago. On their return they will be at home at No. 48 South Wayne avenue.

MASS MEETING.

Brotherhood of Railway Trainmen Will Hold One.

First Step of Organized Labor Towards the Passage of an Arbitration Bill.

ST. LOUIS, Nov. 27.—Prominent members of the Brotherhood of Railway Trainmen are arriving in St. Louis preparatory to what is intended to be a monster open mass meeting of railroad men at Drucid's hall Sunday afternoon. The meeting was called by the Brotherhood of Railway Trainmen and will be part of a general movement for concerted action by railroad organizations toward securing the passage by congress of the arbitration bill and that defining the offense of contempt of court. It is intended to urge the passage of the bills at the session of congress in December. Among the arrivals today was Vice Grand Master T. R. Dodge, of the trainmen's order.

The Vote of Texas.

AUSTIN, Texas, Nov. 27.—The vote of Texas cast at the November election for presidential candidates was as follows, according to the official count, completed yesterday: Bryan and Sewall, 288,323; McKinley and Hobart, 162,506; Bryan and Watson, 79,966; Levering and Johnson, 5,030.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skilful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYSPEPSIA OR SOUR STOMACH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an everyday occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

New Honors.

The Conservatory of Music, the largest and most complete music school in the west, recently established at Elkhart, Ind., by the Hon. C. G. Conn, with such professors of international reputation as Jules Levy, Lefevre and others, have decided to use the Everett Piano exclusively and have had a number of them placed in the school. Persons familiar with the Everett are not surprised at the selection, as competent judges have always awarded them highest honors at every point where they have been exhibited. Pre-eminent in artistic tone, quality unsurpassed in any point essential to excellence, has made the Everett the standard of American pianofortes.

The Everett warerooms in this city are at No. 34 East Berry street, where you are always welcome and where a full line of the new styles are constantly displayed.

One of the principal features of the Everett is the fact that the price is within the reach of all and terms are most liberal.

GOOD TASTE IN Furniture

Is something to be thankful for at this season. You can't have good taste though, unless you cultivate it, and that takes time. We have spent some years in cultivating our taste in Furniture and in helping other people to cultivate theirs. This is one way we od that—by not not allowing any furniture in our store that is not in good taste. One element in good taste that most people overlook is good quality—it comes before decoration every time. If people would only examine closely every article of furniture that they expect to buy we would sell more. We want you to see ours, because we want to sell all we can.

INDIANA FURNITURE CO.

166 Calhoun Street. Fort Wayne, Indiana.

SO AS NOT TO BE CONFUSED.

With the fake sales that are now rampant in our city, we have determined to remove the canvas signs from our windows. We have nothing in common with these frauds, and do not care to be identified with them in any way. The bargains we offer are honest ones, the goods we offer are honest goods, the prices we ask are honest prices.

OUR SALE IS AN HONEST SALE FOR THE PURPOSE OF RAISING $10,000 BEFORE JANUARY 1st, 1897.

With which to pay off our old partner, who still holds our obligations for that large sum. This necessitates a legitimate cut in the price of all our goods, a cut that means a reduction below manufacturers' prices. But we do not insult your intelligence by telling you we will do impossible things, that we will sell you a $12.00 Overcoat for $3.00. We leave such methods to frauds and fakes. But below we quote you a few actual prices.

ENGINEER STRICKEN.

J. H. Kellogg, of the Pennsylvania, Has Paralysis,

The Pittsburg Planing Mills Now Running Twelve Hours Per Day—Local Gossip.

J. H. Kellogg, one of the best known and most highly respected of Fort Wayne's locomotive engineers, is sorely afflicted, being a helpless victim of a paralytic stroke, which fell upon him yesterday. Mr. Kellogg has been sick and unable to work for two years, but until yesterday there were strong hopes for his recovery. His condition today is critical and the family and friends of the unfortunate man are aprehensive lest the malady should prove fatal. Mr. Kellogg is the father of Mrs. Ida Kellogg-Lloyd, who is noted for her accomplishments in a musical way.

TWELVE HOURS PER DAY.

Commencing today the employes in the Pittsburg planing mills will work twelve hours per day until the material for several hundred new cars has been gotten out. This work will occupy several weeks, and it is quite likely that before it is completed, other order, which will necessitate a continuance of the twelve hour working day will be in. The outlook for a busy winter in the Pittsburg shops grows brighter each day. All that is lacking now to bring the conditions which prevailed in 1892, when times were never better, is an order for some new locomotives.

A MODEL RAILROAD.

In so far as genius and money can bring about that end, the Pennsylvania system is the American railway model, says an exchange paper. The track and service are the ideals which even the European systems pattern and all American lines dream of attaining. The millions that the Pennsylvania annually puts into its route and rolling stock keep its dividends and quotations down, but those are evidently of secondary consideration in the minds of the management, singular as that fact is in this age of corporation competition. The system has not attained its position and reputation except by daring exploits and fabulous expenditures. The Pennsylvanis originated double tracks, rock ballast and elevated terminals, as well as limited trains. Apropos, the year '96 is the Pennsylvania system's semi-centennial and the event was duly celebrated in April. That it has safely and solidly achieved the undisputed standard of excellence in fifty years argues that it will continue to maintain its position through the coming century. Its future is altogether incomprehensible at this stage.

BRIEF MENTIONS.

According to agreement navigation on the lakes closes today.

Andrew Walker, of the Pittsburg freight house, is sick and off duty.

Supt. J. B. Barnes, of Springfield, Ill., was here over Thanksgiving day.

D. B. Kehler, of the Old Fort Manufacturing company, is at Toledo.

A large quantity of zinc slag is being distributed as ballast on the Vandalia.

Engines 341, 53 and 345 have been repaired and turned out of the Pittsburg shops.

J. E. Noble left at noon for Southern Ohio, to look after the interest of the Bass works.

Frank Spaulding, of the electric works, who was sick, has recovered and resumed his duties.

C. Wise, of the Pittsburg lumber yards, and his wife have gone to Chicago to spend a few days with friends.

Blacksmith J. D. White, of the Pittsburg shops, is again afflicted with stomach trouble and is unable to work.

The Seaboard Air-line and the Southern railway are at loggerheads again and a rate war is not at all unlikely.

William Donald has returned from Van Wert, where he spent Thanksgiving. He is an employe of the electric works.

John Casey, machinist, is home from Michigan City, where he was aiding in the work of repairing the penitentiary engine.

On the Pennsylvania road (New York division) there are handled daily 110 passenger trains and 282 freight trains.

Joseph Lynch, formerly of the Nickel Plate, but now located at Indianapolis, spent Thanksgiving with relatives in the city.

Boilermaker Henry Geerken spent Thanksgiving day at Washington, Ohio, examining the boiler in the Pittsburg pumping station.

Joseph Slater has returned from a successful tour of Western Ohio towns in the interest of the Bass Foundry and Machine works.

The Pittsburg Locomotive works are so crowded with orders that they are working full time in all the departments with a maximum force.

H. F. Houghton, formerly chief dispatcher of the Wabash at Peru, is to become superintendent of the Cairo division of the Big Four road.

Chief Engineer Thomas Rodd, of the Pennsylvania, and party have resurned from a western hunting trip. Their car now stands in the yards.

S. Entrodacher, a patternmaker at the Pittsburg shops, went hunt-yesterday morning and failed to return in time to report for duty this morning.

Henry Neece, T. M. Reike, John Reidel, J. E. Kaiser and Michael Kinney, of the Pittsburg car shops, are on the absentee list today. Too much turkey.

The wind last night blew the water spout at Wanetah around and Pittsburg engine 247 dashed into it and smashed her headlight. No other damage.

The Chicago and Eastern Illinois is laying a considerable mileage of new steel rail between Danville and Chicago. An extra gang of men is engaged in the work.

John Gribbins and Ed Belden, electric light construction men, have returned to the city, the former from Portland, Mich., and the latter from Green Bay, Wis.

Passenger officials in all parts of the country are preparing to offer reduced rates to Washington for March 4, to witness the inauguration of President McKinley.

Chancey Vinal, one of the veteran engineers on the Lake Shore, was buried on Monday in Toledo. He died of Bright's disease at Highland Park, Ill., aged sixty-one years.

A Chicago lumber company is building a road twelve miles long from Cranberry, N. C., to Linnville, N. C., where there is a heavy and expensive growth of white pine timber.

Ben McFarren, of the store room, and Bob Garmire and H. Carrey, of the shop clerk's office, Pittsburg shops, were hunting at Convoy, Ohio, yesterday. They secured several rabbits.

George Green, an employe of the Union Telephone company, at Peru, Ind., and a son of the old Wabash engineer, is visiting friends here. A dozen years ago the Greens resided in this city.

The Pennsylvania line is doing a very heavy business at Toledo. To do the switching requires six engines by day and five at night. A year ago three engines by day and two at night did the work.

The Wabash has created the position of contracting freight agent at Chicago and appointed H. H. Purcell to the position. Mr. Purcell was formerly with the Michigan Central at Detroit, but the last five years has traveled for the Wabash as its representative in Wisconsin. T. P. Scott succeeds Mr. Purcell in that position. He has been chief clerk in the assistant general freight agent's office.

It has been estimated that at least 2¼ per cent. of the entire population of the United States make their living out of the electric light and power industry and the branches of trade directly dependent upon it.

For the first time in three years the Toledo and Ohio Central has all its locomotives fit for service employed, in some cases using one crew for day trains and another, with the same locomotive, on night trains.

In October there were 141 accidents on the railways of this country, in which forty-nine persons were killed and eighty-nine injured. This is an unusually large percentage of persons killed as compared with those injured.

A new telegraph office has been opened at Lockwood on the Nickel Plate, that being the point of junction with the Chicago, Hammond and Western, the new railroad. R. H. Merold has been appointed agent at the new station.

So busy are the Wabash shops that notice was given Wednesday that all men who wished to work on Thanksgiving day would be allowed to do so. About two dozen of the men worked, some all day and others until noon.

The employes of the Ohio Southern Wednesday received their pay for the first seventeen days in September and next week they are promised the balance of their earnings for September and October. This is satisfactory and there will be no strike.

The suit of Mrs. Agatha B. Edson, of Rock Island, Ill., against the Pennsylvania railroad to recover the value of baggage lost in the flood at Johnstown, Pa., has been decided by Judge Neeley in favor of the road. The judge held that the flood was the act of God.

The Nickel Plate will shorten the running time of trains Nos. 3 and 4 next Sunday, when the new time card goes into effect. The new card will not materially change the hour of arrival of trains at this point. No. 3 coming in at 1 o'clock and No. 4 at 1:40 o'clock.

At present 2,000 men find employment at Baltimore in helping to handle the cars and unloading their contents in the holds of ocean steamers. Nearly every important fast freight line and road in the country is represented on side tracks of the Baltimore and Ohio at Baltimore.

If the Vanderbilt lines, at their meeting in Cleveland next month, carry out the proposition of the car-service superintendents there will be in the car service pool of the several Vanderbilt lines 70,000 box cars. It is not proposed, until the experiment has been tried, to pool other than box cars.

Rebellion Rampant in Madagascar.

PARIS, Nov. 27.—Dispatches received here from Antantarvo, dated November 13, say that the rebellion in the Island of Madagascar is rampant though the vicinity of the capital is quieter. No colonists are arriving and trade is paralyzed.

Czar's New Nephew.

KIEL, Nov. 27.—Princess Henry, of Prussia, wife of the emperor's brother, gave birth to a son today. The mother was formerly Princess Irene of Hess and is a sister of the empress of Russia. She was married in 1888.

THE SPINSTERS.

Program for a Much Talked of Entertainment.

Will be Given at the Masonic Temple on the Evening of December 1—The Cast.

The Spinsters' entertainment, which produced so much fun and merriment last April, is to be repeated at the Masonic Temple next Tuesday evening. The play opens with the regular meeting of the Spinster Fortnightly club, where a letter is received from Professor Makeover, who has invented a machine for making over homely spinsters into lovely maidens. The audience was delighted with the performance when given before, and the Spinsters promise to give one equally good, with the wonderful remodelascope, ludicrous and witty speeches, etc., all indescribably funny.

The cast of characters is as follows:

President, Josephine Jane Green—Mrs. John Thieme.

Secretary, Ravilla Abigail Hobbs—Mrs. M. B. Gorsline.

Treasurer, Cynthia Priscilla Jones—Mrs. George Torrence.

Everett will be the guest of honor.

The life of the appellate court of the state will expire in March, but it seems probable that the legislature will prolong its existence over a few years at least. One of the constitutional amendments that will come before the legislature provides that the supreme bench shall be increased to nine members, and a good many lawyers are inclined to believe that this change ought to be made.

On Thanksgiving eve, at the parlors of the Randall hotel, Rev. J. S. Ainslie united in marriage Frederick E. Britton and Miss Maggie Barrett, a young couple from Bradford, Pa. The young man is an expert driller of oil wells and has a position awaiting him in the neighborhood of Bluffton. The place he is about to take is permanent, and not wanting to come to a strange country alone, he brought along his sweetheart, now his wife.

The sum of $22 was collected at the union Thanksgiving service in Plymouth Congregational church yesterday. There were also many liberal offerings of clothing and provisions. Rev. P. J. Rice delivered the sermon and Professor Miles furnished a special musical program. The congregations participating were: United Brechren, Rev. W. A. Ballinger, pastor; Evangelical Lutheran, Rev. A. A. Hundley, pastor; West Jefferson street Church of Christ, Rev. P. J. Rice, pastor; South Congregational, Rev. E. E. Frame, pastor.

WILD With Eczema

I was a sufferer for eight years from Eczema, but now am entirely cured. The palms of my hands were covered and badly inflamed; little white blisters appeared, then would peel off, leaving a red, smooth surface, which would burn like fire and itch. On the inside of the upper part of my limbs, great red blotches would appear, and as soon as I became warm, the burning and itching would begin. Night after night I would lie awake and scratch, and almost go wild. I got a box of CUTICURA, and a bottle of CUTICURA RESOLVENT, and after a few applications I noticed the redness and inflammation disappear; *before I had used one box there was not a sign of Eczema left.* I can truthfully assert that $2.00 worth of CUTICURA REMEDIES cured me.

WEYLER TALKS.

Tells How He is Going to Whip the Cubans.

Will Return to the Staunchness and Resume Personal Charge of the Spanish Army.

HAVANA, Nov. 27.—So many contradictory statements have been attributed to Captain General Weyler since his return from the province of Pinar del Rio, that the correspondent here of the Associated Press was instructed to ask Captain General Weyler for a full, official and authorized statement on the subject. Therefore, just previous to the departure of General Weyler for Pinar del Rio, the correspondent called at the palace, where he was courteously received by the general, who asked to supplement the exclusive interview with the correspondent of La Lucha, at Arcomisc, which was called to the Associated Press on Tuesday afternoon and which contained his first public utterances since his return from conducting the operations against Antonio Maceo. This the general agreed to do. The correspondent opened the interview last evening by informing the captain general that the Associated Press was anxious, before his return to the field, to place before the public in the United States, his official view of the Cuban situation, adding: "It is understood that you returned from Pinar del Rio highly elated with the result of your recent operations, and it is asserted that you believe that Pinar del Rio will soon be pacified."

In reply the captain general said: "I am not only contented but am entirely satisfied with the result of my military plans there. We went over all the northern hills and occupied the insurgent positions without any serious resistance upon the part of the enemy. Carancjacan and Rabi, which the insurgents thought were impregnable, were occupied by our troops after dislodging the enemy. At Rabi he offered the greatest resistance, but yielded after a few hours' fighting. We found no trace of Maceo's people there, although at the points were reconnoitered by small detachments from columns. The southerly points were also reconnoitered and the positions where the rebels had encamped are now in possession of our troops. There remains still to be reconnoitered the ranges of hills in the eastern part of the province. Maceo has nothing left for him to do but to scatter his followers into small parties in order to enable them to evade our columns, which are now hunting for them, since they offer no resistance and refuse to accept a meeting with our troops, who are chasing them in all directions."

"Does your excellency expect soon to crush the insurrection in the province of Pinar del Rio and bring about its pacification within a short time?"

"I am confident of shortly pacifying Pinar del Rio," replied the captain general, "although all the strongholds are in my hands, and because of the constant activity of our troops in all directions, which completely hinders the escape of the small groups of insurgents who are now fleeing before them in all directions."

The correspondent asked: "Do you think the condition of the province of Havana, Matanzas and Santa Clara hampers or favors the suppression of the insurrection?"

The captain general replied: "These three provinces are more easily subdued from the nature of the ground. They have no hills like the province of Pinar del Rio, and the facilities for the movement of large bodies of troops are therefore greater. Besides the rebel bands in these provinces are less numerous and lack the elements and conditions of those in the province of Pinar del Rio. The leaders of the rebels in those three provinces also lack the importance possessed by Maceo. Those who had any prestige have been killed."

"It is asserted," said the correspondent, "that Maceo lost many of his leading men who were with him and those who joined him after the invasion of Pinar del Rio."

To this the captain general answered: "Nearly all of Maceo's leading men who were at all available or possessed of military ability, have perished in other provinces or in the districts where they headed enterprises."

"It appears that the insurgents in Puerto Principe and the Santiago de Cuba are displaying more activity than before," suggested the correspondent.

"Yes," answered Captain General Weyler, "that the province mentioned are not in a state of insurrection. Puerto Principe is probating a little and not much protection is needed there. The same may be said in regard to the Holguin and Bayamo districts. The rebels have destroyed all they could, and, besides, with the death of Jose Maceo the rebellion in the provinces of Santiago de Cuba lost much of its importance."

The general added: "I have no intention of allowing the attention of the troops to be distracted in that direction, for it is evident that that is the object of the insurgents under Gomez and Calixto, who possess unwarning influence over the insurgents in those districts."

To Amend the Nicholson Law.

HAGERSTOWN, Ind., Nov. 27.—E. B. Reynolds, member-elect of the legislature from this county, proposes to introduce at the coming session of the legislature an amendment to the Nicholson law. The amendment will provide that the people of a township or ward shall express by secret ballot their wish regarding the issuance of licenses to sell intoxicating liquors. In such township or ward, instead of by petition to the county commissioners, as the law is now. Mr. Reynolds will also attempt to secure the passage of an act abolishing the quart shop in Indiana.

HIGHWAYMEN

Fail at a Critical Point in Their Scheme.

Plan to Rob a Theater Party, Which is Frustrated Owing to a Street Car.

KANSAS CITY, Mo., Nov. 27.—At midnight last night, four men, led by Oscar Bridges, said to be a bridge and parachute jumper of more or less notoriety, made an unsuccessful attempt to hold up and rob an electric car filled with passengers bound for Independence. Bridges was arrested after a desperate fusses with the motorman and brought here. The other men escaped, but their names are known, and it is believed they also will soon be lodged in jail. The gang is said to be the same that so baldly held up a westbound Chicago and Alton passenger train just outside of Independence about a month ago. The car was the regular Theater car returning to Independence from here and contained seventy passengers. When it reached a lonely spot, midway between the two cities, Bridges, unmasked, jumped onto the rear platform and, going through to the front end, hastily thrust a revolver to the breast of the motorman.

Another of the gang, who had quickly followed Bridges and wore a mask, had just entered the rear door and was in the act of ordering the passengers to hold up their hands when the conductor threw him from the car, which the motorman in some manner had been able to start. The two remaining robbers, who it appears were to have covered the conductor, became frightened at the quick action displayed by him, and when the second robber alighted on the ground, the three made off to the woods. In the meantime Bridges was fusselling with the motorman, to whom all some of the passengers had come.

Many of the women became paralyzed with fright and screamed or cried, refusing to be quieted by the conductor or their male escorts. Bridges was finally overpowered without having fired his revolver, and the car proceeded on its return to Independence. This morning Bridges was brought here and after several hours in the sweat box admitted his identity and gave the names of his pals. These the police refuse to divulge at present, but it is known that one of them is also a bridge jumper. In addition a saloonkeeper, whose name is also withheld, gave information to the police which resulted in a search of one of the quartette were the same who robbed the Chicago and Alton train and who have committed other depredations in and around Kansas City within the past two months.

The five volumes of the American encyclopedia which were stolen from an Ambian store at the corner of Lafayette and Virginia streets have been recovered. They were found by boys in the Hoffman lumber yard and turned over to the police.

ON THE GRIDIRON.

Chicago Was Too Much for the Michigan Kickers.

The Westerners, Too, Succumb to the Prowess of the Chicago Athletic Foot Ball Eleven—Other Games.

CHICAGO, Nov. 27.—Chicago won, Its University men snatched the western collegiate football championship from the Michigan giants 6 to 0, and the Athletic club team humiliated the muscle of Boston—12 to 6. It was crowned because it excelled in science, skill and pluck, was swifter on foot, surer in hand and longer in bend. Its fight was clean, its art was cunning and its bravery was true. It signed for the first time an overflowing thanksgiving cup of victory, and was so satisfied that it passed the bowl to Evanston, who missed success by a fluke which dimmed the glory of the Northwestern warriors, who beat down the farmers of Wisconsin—6 to 6.

The Coliseum game was not won until the timekeepers blew their whistles—the Athletic game was won at the beginning, and the Northwestern game was lost with but eight minutes to play. The Coliseum game was lost by poor generalship, the Athletic game was lost because Boston does not know how to play, and the Evanston game was lost because a skilled man fell in the mud and the ball was slick and slippery with drizzle.

It was a day of surprises. The victors in each of the contests were the losers of the prophets. It was expected that Michigan would eat up the men from Chicago. They earned the championship last year. Their supporters did not make it a question of success, but a matter of score.

The Athletic club had reprimanded its best men for professionalism by dismissal, taking upon the gridiron an eleven of less than two weeks' work.

The Northwestern expected to win its fight by a clean margin, and did win it on the last moment.

The net result is that the championship is still a matter of dispute and the managers of the collegiate teams will enter upon a discussion and a laudying of words to prove that the final honor is in the air and cannot be claimed by anybody until at least one more game is played.

PHILADELPHIA, Nov. 27.—The University of Pennsylvania foot ball eleven defeated Cornell yesterday, 32 to 10.

LAFAYETTE, Nov. 27.—Purdue and the University of Illinois played a tie game Thanksgiving, 4 to 4.

WANTS A RECORD.

United States Cruiser Philadelphia is Ambitious.

Will Attempt to Break All Records for Armored Cruiser—The Building Oregon.

SAN FRANCISCO, Nov. 27.—The United States cruiser Philadelphia wants to own a record, so navy gossip has it, and she finally hopes to secure it on her coming trip to Asiatic seas. It is said that her officers have firmly determined that the vessel shall break all existing records for armored cruisers. Notwithstanding the officers refuse to corroborate the report it comes from a good source and would seem to be borne out by the nature of the preparations made for the voyage. No stop will be made on the way down, though it is usual for warships bound to South America to re-coal at Panama. In anticipation of the long voyage 1,500 tons of coal has been put aboard the cruiser and every inch of available space is being economized, encroachments even being made on the officers' quarters. The battle ship Oregon returned today from a short cruise undertaken to give a board of inspection an opportunity of looking her well over. It was given out unofficially that the trial had been a great success and that the Oregon was highly pleased with the ship in all her details, though their real findings will not be made public until after they have been sent to headquarters in Washington in the form of an official report.

COLDEST IN YEARS.

The Weather Breaks a Record in the State of Oregon.

PORTLAND, Ore., Nov. 27.—The thermometer registered 21 degrees above zero last night, which is one degree colder than it has been in Portland for twenty-four years or before this date. In eastern Oregon the weather is also very cold. At Kuneh, in the Blue mountains, the thermometer registered fifteen degrees below zero last night. It is feared that much damage to fall grain will result. Potatoes are also in danger of freezing as farmers have not had an opportunity to dig them on account of the unpropitious season.

Nebraska's Official Vote.

LINCOLN, Neb., Nov. 27.—The board of canvassers has completed the canvass of the vote on presidential electors in Nebraska. The figures are: Bryan, 115,628; McKinley, 102,626; Palmer, 3,787; Bentley, 748; Levering, 1,196; Mackett, 173. Bryan's plurality, 13,060.

SENATOR DUBOIS

Says There Will be no Attempt to Pass the Dingley Bill.

The Silver Senators Will Keep up the Fight for Free Coinage and Hope to Win in '98 and 1900.

SALT LAKE CITY, Utah, Nov. 27.—Senator Dubois, of Idaho, says in an interview today that he has no idea that there will be any attempt to pass the Dingley bill at this session of congress; that it is a piece of legislation that failed at the last session and ought to fail at any session. When asked about the policy of silver senators in the next congress he said: "They will hold the balance of power in the senate and no doubt continue their aggressive fight for silver making all other business subordinate to that. No matter what kind of a tariff we have there can be no prosperity except for the few under the gold standard. One more trial of the republicans will convince the people of this, in my judgment, and the silver advocates will win the congress in 1898, and the presidency in 1900."

Senator Cannon, of Utah, left for Washington this morning.

SHOOTING AFFRAY.

One Person Killed and Two Others Will Die.

The Trouble Started in a Saloon—Evidence Lacking as to Who Did the Shooting.

WILKESBARRE, Pa., Nov. 27.—A terrible shooting affray, by which one person was almost instantly killed and two others were so badly injured that they cannot recover, occurred at Duryea, three miles north of Pittston, early today. The trouble started in a saloon where twenty or thirty Poles were drinking. Nearly all the men were armed with revolvers and shooting began at once. James Mosity was shot in the abdomen, his death resulting within two minutes. John Bates was shot through the left side of the back and cannot recover. Another man was carried away by his friends, shot in the breast. His injuries are fatal. No arrests have yet been made and evidence is lacking as to whom did the shooting.

ARMENIAN REFUGEES

Plunged Into Greater Distress by a Storm.

The Waves at Athens Inundate Their Camp and Destroy Their Tents.

ATHENS, Nov. 27.—An immense amount of damage has been caused by the terrible storms and floods which have inundated the low lying quarters of this city and the Piraeus, drowning a number of people, flooding the gas works at the latter place and plunging the port in complete darkness last night. Many houses have been destroyed and the tents sheltering the Armenian refugees have been swept away. As a result of the disaster great distress prevails. Detachments of sailors from the foreign warships in port have been ordered on shore to render all the aid in their power.

DRIVEN OUT.

Germany Sends Tom Mann From That Country.

He is Arrested Upon the Charge of Inciting to Create Disorder and is Sent to England.

HAMBURG, Nov. 27.—It now seems that the report circulated in London last night and subsequently denied that Tom Mann, the well known English labor leader and prime mover in the proposed universal dockers' strike, has been arrested in Germany is correct. Mann was taken into custody at Einsbruttel, charged with inciting to create disorder, and was placed on board a steamer bound for Grimsby, England, after having been cautioned not to return.

D. N. Heaton, Dr. C. H. Ingall and H. B. Smilley, with their families, spent Thanksgiving at the Heaton homestead, ten miles south of the city. It was a merry family reunion.

A TEXAS CYCLONE

One Mile Wide and Eight Miles in Length.

Farm Houses Destroyed, a Child Killed and the Grass Torn From the Earth.

WACO, Tex., Nov. 27.—The cyclone raged twenty miles from here yesterday and devastated a strip one mile wide and eight miles in length. A number of farm houses were demolished in the vicinity of Mart, McLennon county, and information comes from Reisel, six miles from Mart, that the residence of Buck Dumphose was totally destroyed, his wife severely hurt and one of his children killed outright. Five persons were more or less injured as far as heard from. The temperature ranged nearly at summer heat prior to the storm. In passing over the prairie the cyclone took away everything it touched, leaving the earth bare of grass.

MONEY MISSING.

So is George E. Ross, a Kansas City Express Clerk.

He is Under Surveillance, However, in St. Louis—Others Implicated Who Are Not Yet in Custody.

KANSAS CITY, Mo., Nov. 27.—Geo. E. Ross, missing money clerk for the Pacific Express Co., has been located in St. Louis by the sneaky company that furnishes his money, and is now under surveillance by them. It is now stated that the express company officials had all along known of Ross' exact location, but have kept it quiet because there are, it is said, other implicated who are now in custody. Last Sunday Ross was handled through the office over which Ross presided, money packages containing $110,000. Already $2,300 of this amount is known to be missing and the books are still being gone over. Several checks have been coming in so regularly since the examination began, it is said, that the officials now fear the whole $110,000 may never have reached its destination. The system of checking is necessarily slow. The papers having been destined for various points.

HIS HEART TOO BIG.

Remarkable Physical Condition Revealed by the Death of an Oregon Man.

PORTLAND, Ore., Nov. 27.—John Randolph, of 198 Fifteenth street, died last night because his heart had enlarged to the size of a bullock's. He had just seated himself at the table, when he fell suddenly forward and expired. Coroner Kochner held an inquest with an autopsy. The condition of the man's heart as revealed by the surgeons surprised the doctors. How it had been possible for him to live much less perform the hard labor by which he supported himself and family for years past, is a marvel to the surgeons.

Randolph's heart was so enlarged that pressing into the cavities of the chest it had so reduced the cellular space of the lungs that only about one-fifth of their cells could be brought into play. The enlargement downward had interfered with the stomach in such a manner that it is impossible to conceive how any but liquid food could be taken by the man. Yet the poor fellow had daily appeared at the docks ready for work and when given it tried his utmost to hold up his end. It is amazing that he could have taken sufficient oxygen into his compressed lungs to enable him to walk, much less trundle a cargo truck, for the air he inhaled at each breath was less than that required by a healthy six-year-old lad.

He had for years been doing the arduous labor of a longshoreman on the river front. Randolph was a widower, with three young children. The oldest, a girl, looked after the household duties. He had not complained of any serious pain beyond a shortness of breath at times.

PIE ACHER TREED BY A BULL

Nose Punched From His Perch by the Enraged Animal.

BELLEFONTE, Pa., Nov. 27.—Rev. C. C. Miller, pastor of the Bellefonte United Brethren church, had had an exciting adventure with a bull. He and two young women had been calling on a neighbor, and the trio started home at 10 o'clock across a field, and when about half way over were attacked by a mad bull. Rev. Mr. Miller (very heavily went for his animal with clubs and stones, until the woman escaped and then had to save himself by climbing a tree. The enraged animal butted the tree hard and often, and it was only with the utmost difficulty that Rev. Mr. Miller could retain his hold until help could arrive, attracted by his loud cries. Finally the owner came, but he was driven away by the bull, and it was only after the animal had been driven out of the field with dogs that the preacher could be liberated.

CONFESSED JUDGMENT.

Chicago Wholesale Dealers in Laces Forced to the Wall.

CHICAGO, Nov. 27.—Shoninger, Levy & Co., wholesale dealers in laces, confessed judgments today for amounts aggregating over $50,000, the Corn Exchange bank being a creditor for $20,000. The exact assets are not known but the liabilities are placed at $75,000. Difficulty in making collections in the last few months is given as the reason for the failure, the firm having a large number of outstanding accounts.

DIPHTHERIA!

The Dreaded Malady in Central Indiana.

Portland, Columbus and Cedar Point Have it in an Epidemic Form—Towns Quarantined.

INDIANAPOLIS, Nov. 27.—Secretary Hurty, of the state board of health has received advices that diphtheria is epidemic at Columbus, Cedar Point and Portland and all cases have been quarantined and radical steps taken to eradicate the disease. At Columbus Local Health Officer McKay has stopped all public meetings and entertainments. In Portland the epidemic has assumed a serious phase. The first case was reported in August, and to date there have been nearly 200 cases, with about thirty-five fatalities. Sunday schools were closed six weeks ago and entertainments and public meetings prohibited Monday. Everything is being done for an abatement of the disease, which is not only epidemic in the city, but prevalent throughout the surrounding country.

J. B. Harper and H. Barnes Appointed Attorneys.

Sheriff Mechling this morning received from the inmates of the county jail a long letter of thanks for the fine dinner and entertainment furnished them yesterday. Thanks were also extended to the L. F. M. Y. band for music and Miss O'Neil for a sweet solo sung to them. The prisoners said that the dinner furnished them was undoubtedly much better than many persons who were at liberty had the pleasure of enjoying.

COURT NOTES.

This morning James Scott et. al. commenced replevin proceedings in the circuit court against Adolph Hirsch and Louis Wolf for $900 worth of goods. The papers were placed in the hands of Sheriff Mechling who now has possession of the stuff. J. B. Harper and H. C. Hanna are attorneys for plaintiffs. Sheriff Mechling will probably be compelled to rent a room to put the goods in until the courts have finally determined their ownership. Several other suits will probably be brought. It is understood that the Claflins will bring suit in the federal courts.

In the circuit court this morning, Hon. Thomas E. Ellison, attorney for the Hoosier Manufacturing company, filed suit on note for $400 against the Consolidated Street railway and P. A. Randall.

The case of Dick & Taylor, bankers of Huntington, vs. John Rice et. al. is on trial in the superior court before a jury. The result is set at $600. The defendants deny ever having executed the note. Breen & Morris are plaintiff's attorneys and P. B. Colerick is attorney for defendants.

Adam Evert was on trial this morning before Justice France for provoke. He was acquitted.

Lodusko Potter charged George Shafer with provoke and Justice France this afternoon acquitted him.

The county commissioners were not in session today.

WILL INVESTIGATE

Charges Against Members of the Fire Department.

Captain Baker and Lieutenant Sutton at the Carpet—Meeting of the Two City Boards.

This evening the board of safety will meet and hear the charges against Captain Baker and Fireman Will Sutton, of engine house No. 5, on Broadway. These members were suspended some time ago pending an investigation and it is supposed that tonight's proceedings will culminate them and reinstate them to the service or dismiss them. The specific charges are not made known, but they are arraigned for alleged offenses "unbecoming public employes."

BOARD OF WORKS.

The board of works will this evening hold their last Friday night meeting, the regular meeting hereafter to be held on Thursdays and Mondays. The change was made to better facilitate the work of Clerk Schmidt, the interim between the Friday and Monday evenings here often not giving sufficient time in which to prepare the reports and minutes. Only routine business will come up tonight.

OFFICERS CHOSEN.

Retail Clerks Meet and Discuss Early Closing.

Wayne Test, K. O. T. M., Has a Social session and Nominates Officers for Next Year.

The retail clerks held a meeting on Wednesday evening, at which they elected officers as follows:

President—William Rupe.

First Vice President—George Bourke.

Second Vice President—Carl Level.

Recording Secretary—Charles Nesbelter.

Financial Secretary — Nathan Rothschild.

Delegate to the Trades and Labor Council—Isadore Friend, Jacob Desauer, Louis Behrmeyer, Charles Krubsch, H. Reinhardt.

The question of early closing next year was brought up and enough expression was heard to show that an enormous pressure would be brought to bear upon the early closing movement next year.

A SOCIAL SESSION.

Last evening the members of Wayne Test, No. 54, K. O. T. M., held a social session lasting from 8 o'clock until midnight. A progressive polka of twelve tables was a feature of the evening, there being first and booby prizes. William Wright secured high honors and secured a fine glass water set, while Thomas Florence carried off the booby.

During the evening officers were elected in nomination for the election next Thursday evening.

SENATOR FORAKER

Preparing for a Call Upon the President-Elect.

He Will be Accompanied to Canton by National Chairman Mark A. Hanna.

CLEVELAND, Ohio, Nov. 27.—Senator J. B. Foraker was in visitor at the office of National Chairman M. A. Hanna today and the two gentlemen had a brief conference. It was stated that Senator Foraker came to this city upon legal business and that his call upon the national chairman was simply social and not to discuss political matters. The senator will go from Cleveland to Canton this afternoon and make a short call upon the president-elect. Chairman Hanna said today that, owing to a crush of personal business matters here, he would be unable to start for Washington to arrange the details for the inauguration ceremonies until the latter part of next week.

An Author Dead.

LONDON, Nov. 27.—Miss Mathilde Blind, the author, lecturer and staunch advocate of the improvement of education and economical and political position of women, is dead, aged fifty years.

SERIOUS LOSS.

Mrs. Julia Randall's Southern Home Swept by Flames.

Residence and Contents Destroyed—Loss of $3,000, With no Insurance.

P. A. Randall today received a letter from Mrs. Randall conveying the unwelcome intelligence that her beautiful villa at DeBunk Springs, Florida, has been destroyed by fire. The flames swept everything, not an article being saved from the commode. The loss is about $3,000, and it is supposed that there was no insurance.

Nearer comes Christmas, four weeks from today.

The American people will now quit discussing foot ball and watch their representatives in congress for a few months.

James B. Morrow, editor of the Cleveland Leader, has been moved to deny the rumor that he is to be a member of the McKinley cabinet. His denial takes this emphatic form:

"I never have been, I am not now, and, God being willing, I never shall be a candidate for office. I am a newspaper man."

Resignations are being held all over the union. Fort Wayne has no Moody, but the local evangelists are effective in the good work.

The foot ball season is practically over and last evening many final pennants could give thanks that an athletic sun was still alive and out of a hospital.

The American people are anxiously awaiting President Cleveland's message to congress. They are especially interested as to what he will say about Cuba.

The western states are enjoying cold weather and heavy snows which the weather prophets intimate with confidence will be the condition heretofore before many days.

Services in all the local churches were well attended yesterday. This is as it should be and refutes the statement so often made that Thanksgiving day is yearly becoming a sporting holiday rather than one of thanksgiving.

There was an innovation in the Chicago-Michigan foot ball game yesterday. It was the first game ever played under roof and for a time electric lights were burning. The big crowd unanimously expressed themselves in favor of the indoor game.

Lord Salisbury's luck in the matter of high ecclesiastical patronage is holding out. In fifteen months he has had to appoint an archbishop of Canterbury, and bishops of Winchester, Rochester, Chichester, Norwich, Peterborough and London, a fifth of the whole bench. Twenty-four of the present bishops, about three-fourths of the whole number, have been appointed by him.

Patriotic inaugural balls have been held in the pension office, but the new congressional library has been suggested for the next one. Librarian Spofford has protested, however, and a number of pastors and church people in general have reinforced him on moral grounds. Their contention is that, while the new president and other high officials have always attended, their action has been out of deference to custom and often against inclination. They assert that the function has degenerated from southern colonial antecedents to a mere money making affair, and would prefer a public reception.

In Boston the fussiness accepting the Mormonites Barchaute has been wisely obscured by the sudden controversy about the punctuation of the name. At first they made it three syllables; then some purists contended for two; Longfellow's rhyme of "Barchantes" with "Zantes" was quoted; dictionaries were brought out, and things reached fever heat. The Transcript says: "Come one, come all, no Connecticut dictionary makers or others should ever make him be from his three syllables." While the Herald says scripsori thus: "Neverchelees, it is only two syllables, with the accent on the second preferred."

Gov. Gen. Weyler, the governor and commander in chief of the island of Cuba, is tormented with other anxieties besides those connected with the suppression of the insurrection. For his wife is lying dangerously ill at Barcelona, his eldest son is in the last stages of consumption and expected to die at any moment, while his little children, who are not in Havana, are staying with various friends and relatives coming to there being no one at home to look after them. Under the circumstances his lieutenant return to Spain on the plea of family affairs of a pressing character can not be regarded as a mere pretext.

The visit of the Prince and Princess of Wales to Blenheim castle illustrates how, in monarchial countries, ancient burdens are perpetuated. The incident recalls the "royal progresses" which for ages have been the trouble and burden of the subject, in Great Britain, and have served to ruin, financially, all save the most wealthy. Queen Elizabeth practiced this method of lightening her nobility, and the Prince of Wales is quite as formidable as he is expensive, and in directions unknown, at least unpracticed, by the "Virgin Queen." The Prince of Wales' visit to Blenheim will rest the Duke of Marlborough many thousands of pounds for direct entertainment for himself and party, and locals, the duke must help with the prince, and when the prince honors a duke or inferior person by sitting in a game with him the prince is accustomed to win. Few persons in Great Britain, it is the common report, are rich enough to long enjoy the intimacy of the Prince of Wales. The Duke of Marlborough and his family must deeply appreciate the honor of a visit from the prince, since the expense of entertaining a gambler who carries his own cards with him is notoriously great.

SECOND NIGHT.

Fair of St. Paul's Catholic Church a Success.

Large Crowd in Attendance—Gold Watch Contest Opens Tonight—Other Notes.

A large crowd was in attendance at the St. Paul Catholic fair in Library hall last evening.

The voting contest for a gold watch is the center of rivalry among the young ladies and their friends. The contestants are the Misses Carrie Gruber, Celia Parr and Loretta Merz. The award will be made this morrow evening. The doll contest among a dozen demure young misses, excites much interest, and the contestants are working hard for the prize. The reverend pastor, assisted by the committees, are doing good work. And deserve a full measure of success. Many new features are to be added tonight, and the program will be highly interesting. The band from the state home played for the delectation of the visitors, rendering a fine musical program during the evening, under the capable direction of Professor Grotzik.

The fancy table is located at the right of the main entrance, and a corps of young ladies wait on the purchasers of the many articles of wearing goods, of which there is a large and attractive stock. At the south side of the building is the soda fountain and liquid refreshment table, where the thirsty are regaled with lemonade, soda and other chilled beverages. The old and dainty youth hold perfect interest to the young people. The little cook's eyes are delighted by a magnificent army of gorgeously dressed princesses, fairies and peasant, everyday ladies, and gardenia of the shadowed garden beauties are invitingly and temptingly displayed.

The fish pond occupies a place in a corner, but it is well patronized for all that, and wonderful tales are told of the prowess of the anglers, who are said to reap rich rewards with hook and line.

The "grand table" is near the front entrance, at the left hand side, and the seeker after treasure finds a rich field for alleviation, with a winning prospect.

The ice cream booth is presided over by a band of pretty young ladies, who serve the cooling ices with a grace that captivates the customer and makes him wish for more of their delicious wares.

The confectionary booth occupies a conspicuous position in the center of the large hall, and the choicest sweets are shown in tempting array.

The prizes to be awarded are exhibited near the stage, and the lucky winners will have reason to rejoice. A large bed room suite of solid oak, couches, easy chairs and a fine lot of paintings fill up the prize list. The stage, which is handsomely decorated with flowers and palms, is utilized as a cafe, and here the ladies of the congregation serve tempting meals at all hours of the evening, until the close, and none need go away hungry.

FOOT BALL.

Three Lively Games on Thanksgiving Day.

Fort Wayne Meets Overwhelming Defeat—Game at Concordia—High School Items.

Fort Wayne was the guest from Fort Wayne yesterday, the score standing 40 to 6. A good crowd was in attendance. The Buckeyes were not in it from the start. They didn't know the game sufficiently well to be going out and playing such ends as they were against yesterday. The visitors did not make a single goal with the ball. Coach Kinnaird helped the game along nicely.

The line up and score was as follows:

SCORE.

Fort Wayne	6
Van Wert	40

Umpire—Prof. A. B. Crane.
Linesmen—Mr. H. Moffat.

AT CONCORDIA.

The "Juniors" and "All Concordias" played on the Concordia campus to a large and enthusiastic audience. The "All Concordias" won by a score of 4 to 0. It was a good game. The first half developed some brilliant plays and neither side scored. In the second half, toward the last, everybody was in the game and it was a hot contest to the finish.

HIGH SCHOOL DEFEATED.

The City Juniors and the High school eleven played a pretty game, which resulted in the defeat of the latter team. Score—City Juniors, 21; High school, 0. The line-up was as follows:

City Juniors—Schoenlinen, quarter back; Mougan, right guard; Fox, right tackle; Kemp, right end; Baker, right half; Bowser, left guard; Kell, left tackle; Heller, Meten, left end; Mannheim, left half; Hartwig, full back; Brodshaw, center.

High School—Long, quarter back; Gibson, right guard; Newton, right tackle; Knox, Jennese, right end; Burns, right half; Hopkins, left guard; McDonald, left tackle; Driscoll, left end; Keel, Maurice, left half; Schultz, full back; Roach, center.

MODEL FARMING.

Poor People Pursue Agriculture on a Small Scale.

By Their Industry They Have Provisions for Winter—A Plan of the Associated Charities.

During the last planting season Associated Charities took up a scheme for the relief of the unemployed, whereby these unfortunates might be enabled to provide something to eat for themselves in the winter. Their project was to do farming on a small scale on various vacant lots in different parts of the city; and having secured permission from various property owners to work the ground, they proceeded to carry out the plan by first having the lots plowed, that planting might be over to the needy who would agree to work them for what they could raise. In this way they started thirty-three "city farms." The harvest of this scheme is just now coming in in bushels and the results are satisfactory. Seventeen families who have thus far given an account of themselves to Secretary Pavey, of the Associated Charities, have reported a total amount of crops as follows:

Corn, 22 bushels, 314 bushels.
Green corn, 22 bushels.
Ripe corn, 24 bushels.
Cabbage, 838 heads.
Green beans, 11 bushels.
Ripe beans, 5 bushels.
Beets, 7 bushels.
Peas, 4½ bushels.
Squashes and pumpkins, 82.
Pickles, 38 gallons.

The plan will probably be carried out on a broader scale next year.

Pre-eminently the finest and best equipped train run by any transcontinental line to the Pacific coast is the Sunset Limited of the Southern Pacific, which will resume its trips across the continent for the season of 1896-7 with the train leaving New Orleans November 3rd and running each Monday and Thursday thereafter. The line of the Southern Pacific is never interfered with by snow or ice, and the winter journey via it is like a trip to Southern Italy. The way leads through Southwest Louisiana, Southern and Central Texas, Arizona and New Mexico, and on through the orchards and vineyards of California to the Golden Gate. The country by an ideal attractive and romantic one. If you want to read about it or know of the Sunset Limited service write W. G. BRANCHING OUT.

Daniel Frohman Takes Charge of Opera Houses.

The Grand and the Walnut Street Theaters, of Cincinnati, Now in His Hands.

CINCINNATI, Ohio, Nov. 27.—Daniel Frohman has secured the control of the two leading theaters of Cincinnati, the Grand opera house and the Walnut Street theater, and will control the booking at these houses and share in the profits. Mr. Frohman becomes a partner with the present proprietors, Messrs. Ramforth and Havelin, and thus adds these theaters in Cincinnati to the Frohman syndicate. The agreement is for a term of five years. The local managers look upon the arrangement as one that will add to the value of the attractions that will be presented in Cincinnati.

QUARRY OWNERS COMBINE.

All the Firms in Ohio to Unite in One Big Corporation.

CLEVELAND, Nov. 27.—Before the beginning of the new year a big corporation will be formed embracing practically all the sandstone quarry interests of the United States. Practically all the building sandstone quarried in this country east of the Rocky mountains comes from northern Ohio, the only other place where it is found being in a small spot near Denver.

The companies that will become part of the new corporation are the Bolster Stone company, quarries at Euclid and Amherst; Hyde Park Island Stone company, quarries at Berea and Amherst; Forest City Stone company, quarries at Euclid and Columbia Center, Ohio; Massey Stone company, quarries at Elyria and Amherst, O.; Elyria Stone company, quarries at Grafton, Ohio; Grafton Stone company, quarries at Grafton, Ohio; Bailey Stone company, quarries at Berlin Heights, Ohio; Bryant Stone company, quarries at Elyria, Ohio, and Ohio Stone company, quarries at Independence, Ohio.

A year ago these companies united together and made a price agreement. Previous to that time they had for some time failed to make money, but since the agreement profits became larger. The agreement has been kept, and now it is thought best to solidify it by means of one giant corporation. It is estimated that a saving of 10 per cent will be made in quarrying expenses alone. The capital will be $6,000,000, and the intention is to buy up all the small quarries not in the combination.

VOORHEES IMPROVING.

Gaining in Strength—To Take the Lecture Platform.

TERRE HAUTE, Ind., Nov. 27.—Senator Voorhees has so far improved in health that in the last few days he has taken two walks from his hotel. He is gaining in strength and flesh rapidly. The senator was annoyed by the report that he had become a victim of paresis, but is content in the knowledge that his return to his duties in the senate will be ample refutation of the story. Concerning his retirement from the senate by the election of a republican majority in the Indiana legislature, he does not seem much disappointed. It is understood that he is intending to go on the lecture platform, and is now eagerly looking forward to the work of preparation of his lectures. It is said the silverites will be some of the statesmen of America in the early part of the century.

CANVASSING BOARD.

Kentucky's Election Now Being Officially Settled.

FRANKFORT, Ky., Nov. 27.—The state canvassing board convened here today to canvass the official returns of the state. National Committeeman York and Chairman Roberts and Mr. Fletcher Cash are among the prominent republicans on hand, and the silverites have Chairman Johnson, Electors W. B. Smith and Attorneys Lee Satey, of Louisville, and James M. Black, of Barbourville. The silver men are taking exceptions to the alleged irregularities in some counties in the contest which they propose to make. Governor Bradley has not returned from Lancaster and his place on the board is filled by Auditor Stone.

TWO MATCHES

Arranged for the Next Entertainment of the Occidental Club.

SAN FRANCISCO, Nov. 27.—The Occidental club has made two good matches for its next entertainment, which will come off December 14. Al Herford, of the Empire Athletic club, of Baltimore, will bring Joe Gans to this city to meet Hal Hawkins, whom he recently met in New York. He will also bring Jack Ward, who has been matched against Jimmy Anthony, and a hot fight is expected between the little fellows. Henry Callahan has deposited $250 forfeit for a $1,000 side bet between Anthony and Ward. Callahan backing Anthony. The bouts will be of ten rounds each.

ORGANIZING.

Ship Owners Combining to Fight Labor Unions.

HAMBURG, Nov. 27.—The ship owners and port labor contractors have decided to join the Employers' Federation in order to present a united opposition to the strikers. The Hamburg-American company's lightermen and ship channel have joined in the strike. Eleven thousand men are now out.

LIVE BIRD SHOOT.

Favorite Defeated Elliott, Killing Ninety-two Birds.

OMAHA, Neb., Nov. 27.—P. S. Parmalee, of Omaha, and J. A. R. Elliott, of Kansas City, met on Dr. Omaha Gun club grounds in a 100 live-bird match for $500 a side. The contest was exciting. Elliott's first bird was clear out of bounds, but from that point he made a run of forty-one birds without a miss. The final score was: Parmalee, 92; Elliott, 91. Elliott missed his last, which would have made a tie.

WHEAT GOES UP.

Another Increase in the Market This Morning.

Argentine Advices Report Further Damage to Crops in That Country—Corn and Oats Quiet.

CHICAGO, Nov. 27.—Wheat opened surprisingly strong this morning, cash prices rather indicating a weak market. May, which closed Wednesday at 83¾ cents, opened at from 83¾ to 83 cents, and immediately sold to 83¾. The strength was due to late Liverpool cables, which were only about one-third as large as last year. Realizing brought about a rise to 83¾ cents, but on the receipt of Argentine advices reporting further damage to crops in that country the price turned upward again. May selling to 84¾ cents at the end of the first hour's trading.

Corn was quiet but steady, the smallness of trading keeping fluctuations within narrow lines. May opened a shade lower at 22¾c, sold at 23¾c and steadied at the opening price.

Oats, quiet and steady, following corn. May opened unchanged at 22¾c and eased off a split fraction.

CHICAGO, Nov. 26.—Wheat—Nov., 81¾c; Dec., 81¾c; Jan., 81¾c; May, 84¾c; July, 80¾c.

Corn—Nov., 22¾c; Dec., 23¾c; May, 27¾@27¾c.

Oats—Nov., 19c; Dec., 19¼c; May, 22¾c.

Pork—Nov., and Dec., $6.80; Jan., $7.77½; May, $8.10.

Lard—Nov. and Dec., $3.85; Jan., $4.07½; May, $4.27½@4.30.

Ribs—Nov. and Dec., $3.85; Jan., $3.90; May, $4.07½@4.10.

LOCAL LIKES.

Miss Frances Ruther is very ill at her home, 126 Wilt street.

The contest for the doll that was donated by Miss Kate Fahey to the Monroeville Catholic fair brought the sum of $67.00.

In the gold watch contest to be opened at the St. Paul's Catholic fair this evening for the most popular young lady, the names of Misses Carrie Gruber, Loretta Merz and Cecelia Parr have been entered. The voting promises to be lively.

Mr. and Mrs. William Orrick and children had planned an extended visit to old Scotland this winter and had arranged to leave Fort Wayne week after next, but Mr. Orrick has been forced to forego his visit until next year on business that his employers, who have just received several big orders for timber needed in Europe as soon as possible. Mrs. Orrick had never seen the old land and had looked forward to the trip this winter with much pleasure.

Last evening at 8 o'clock at the residence of the bride's mother, 20 Home avenue, occurred the marriage of Miss Anna Ricke and Mr. Diederick Delster. The ceremony was performed by Rev. Wunderman in the presence of about fifty friends of the happy young couple. Mr. Delster is a shipping clerk in the employ of G. E. Hursley & Co. and the bride is one of the south side's prominent young ladies. Mr. and Mrs. Delster left this afternoon for a week's visit in Chicago. On their return they will be at home at No. 48 South Wayne avenue.

MASS MEETING.

Brotherhood of Railway Trainmen Will Hold One.

First Step of Organized Labor Towards the Passage of an Arbitration Bill.

ST. LOUIS, Nov. 27.—Prominent members of the Brotherhood of Railway Trainmen are arriving in St. Louis preliminary to what is intended to be a monster open mass meeting of railroad men at Druid's hill Sunday afternoon. The meeting was called by the Brotherhood of Railway Trainmen and will be part of a general movement for concerted action by railroad organizations toward securing the passage by congress of the arbitration bill and that defining the offense of contempt of court. It is intended to urge the passage of the bills at the session of congress in December. Among the arrivals today was Vice Grand Master T. R. Dodge, of the trainmen's order.

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYSPEPSIA OR SOUR STOMACH.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to properly digest it, the food remains until fermentation begins, filling the stomach with gas and bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and taking an everyday occurrence is given too little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

While a recent period a remedy has been discovered prescribed solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and its now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists at 50 cents per full sized package. It is presented by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually relieves a viciously digestion, as the same time is perfectly harmless and can be used by the most delicate stomach, but on the contrary by giving perfect digestion strengthens the whole system, improves the appetite and makes life worth living.

Gladness Comes

With a better understanding of the transient nature of the many physical ills we have been led to believe were efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. The only remedy that does this pleasantly and effectually is the one which acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are not needed. If afflicted with ailments, actual or imaginary, we believe you will be well advised by using Syrup of Figs as the most gentle and delightful remedy, everywhere. Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

New Honors.

The Conservatory of Music, the largest and most complete music school in the west, recently established at Elkhart, Ind., by the Mon. C. G. Conn, with such professors of international reputation as Jules Levy, Lefevre and others, have decided to use the Everett Piano exclusively and have had a number of them placed in the school. Persons familiar with the Everett are not surprised at the selection, as competent judges have always awarded them highest honors at every point where they have been exhibited. Pre-eminent in artistic tone, quality unsurpassed in any point essential to excellence, has made the Everett the standard of American pianofortes.

The Everett, wherever in this city one at No. 34 East Berry street, where you are always welcome and where a full line of the new styles are constantly displayed.

One of the principal features of the Everett is the fact that the price is within the reach of all and terms are most liberal.

GOOD TASTE IN Furniture

Is something to be thankful for at this season. You can't have good taste though, unless you cultivate it, and that takes time. We have spent some years in cultivating our taste in Furniture and in helping other people to cultivate theirs. This is no way we of that—by not allowing any furniture in our store that is not in good taste. One element in good taste that most people overlook is good quality—it comes before decoration every time. If people would only examine closely every article of furniture that they expect to buy we would sell more. We want you to see ours, because we want to sell all we can.

INDIANA FURNITURE CO.

166 Calhoun Street. Fort Wayne, Indiana.

SO AS NOT TO BE CONFUSED.

With the fake sales that are now rampant in our city, we have determined to remove the canvas signs from our windows. We have nothing in common with these frauds, and do not care to be identified with them in any way. The bargains we offer are honest ones, the goods we offer are honest goods, the prices we ask are honest prices.

OUR SALE IS AN HONEST SALE FOR THE PURPOSE OF RAISING $10,000 BEFORE JANUARY 1st, 1897.

With which to pay off our old partner, who still holds our obligations for that large sum. This necessitates a legitimate cut in the price of all our goods, a cut that means a reduction below manufacturers' prices. But we do not insult your intelligence by telling you we will do impossible things, that we will sell you a $12.00 Overcoat for $3.00. We leave such methods to frauds and fakes. But below we quote you a few actual prices.

ENGINEER STRICKEN.

J. H. Kellogg, of the Pennsylvania, Has Paralysis.

The Pittsburg Planing Mills Now Running Twelve Hours Per Day—Local Gossip.

J. H. Kellogg, one of the best known and most highly respected of Fort Wayne's locomotive engineers, is sorely afflicted, being a helpless victim of a paralytic stroke, which fell upon him yesterday. Mr. Kellogg has been sick and unable to work for two years, but until yesterday there were strong hopes for his recovery. His condition today is critical and the family and friends of the unfortunate man are apprehensive lest the malady should prove fatal. Mr. Kellogg is the father of Mrs. Ida Kellogg-Lloyd, who is noted for his accomplishments in a musical way.

TWELVE HOURS PER DAY.

Commencing today the employes in the Pittsburg planing mills will work twelve hours per day until the material for several hundred new cars has been gotten out. This work will occupy several weeks, and it is quite likely that before it is completed, other order, which will necessitate a continuance of the twelve hour working day will be in. The outlook for a busy winter in the Pittsburg shops grows brighter each day. All that is lacking now to bring the conditions which prevailed in 1892, when trains were never better, is an order for some new locomotives.

A MODEL RAILROAD.

In so far as genius and money can bring about that end, the Pennsylvania system is the American railway model, says an eastern paper. The track and service are the ideals which even the European systems pattern and all American lines dream of attaining. The millions that the Pennsylvania annually puts into its roads and rolling stock keep its dividends and quotations down, but those are evidently of secondary consideration in the minds of the management, singular as that fact is in this age of corporation competition. The system has not attained its position and reputation exceptby daring exploits and fabulous expenditures. The Pennsylvania originated double tracks, rock ballast and elevated terminals, as well as limited trains. Apropos, the year '96 is the Pennsylvania system's semi-centennial and the event was duly celebrated in April. That it has safely and solidly achieved the undisputed standard of excellence in fifty years argues that it will maintain its position through the roaring century. Its fame is altogether incomprehensible at this stage.

BRIEF MENTIONS.

According to agreement navigation on the lakes closes today.

Andrew Walker, of the Pittsburg freight house, is sick and off duty.

Supt. J. B. Barnes, of Springfield, Ill., was here over Thanksgiving day.

D. B. Kohler, of the Old Fort Manufacturing company, is at Toledo.

A large quantity of zinc slag is being distributed as ballast on the Vandalia.

Engines 341, 53 and 345 have been repaired and turned out of the Pittsburg shops.

J. E. Noble left at noon for Southern Ohio, to look after the interest of the Bass works.

Frank Spaulding, of the electric works, who was sick, has recovered and resumed his duties.

C. Wise, of the Pittsburg lumber yards, and his wife have gone to Chicago to spend a few days with friends.

Blacksmith J. D. White, of the Pittsburg shops, is again afflicted with stomach trouble and is unable to work.

The Seaboard Air-line and the Southern railway are at loggerheads again and a rate war is not at all unlikely.

William Donald has returned from Van Wert, where he spent Thanksgiving. He is an employe of the electric works.

John Casey, machinist, is home from Michigan City, where he was nailing in the work of repairing the penitentiary engine.

On the Pennsylvania road (New York division) there are handled daily 116 passenger trains and 283 freight trains.

Joseph Lynch, formerly of the Nickel Plate, but now located at Indianapolis, spent Thanksgiving with relatives in the city.

Boilermaker Henry Gerken spent Thanksgiving day at Washington, Ohio, examining the boiler in the Pittsburg pumping station.

Joseph Slator has returned from a successful tour of Western Ohio towns in the interest of the Bass Foundry and Machine works.

The Pittsburg Locomotive works are so crowded with orders that they are working full time in all the departments with a maximum force.

B. F. Houghton, formerly chief dispatcher of the Wabash at Peru, is to become superintendent of the Cairo division of the Big Four road.

Chief Engineer Thomas Redd, of the Pennsylvania, and party have returned from a western hunting trip. Their car now stands in the yards.

S. Entrodechter, a boilermaker at the Pittsburg shops, went home yesterday morning and failed to return in time to report for duty this morning.

Henry Neere, T. M. Reike, John Riddel, J. E. Kaiser and Michael Kinney, of the Pittsburg car shops, are on the sick list today. Too much turkey.

The wind last night blew the water spout at Wanrish around and Pittsburg engine 247 dashed into it and smashed her headlight. No other damage.

The Chicago and Eastern Illinois is laying a considerable mileage of new steel rail between Danville and Chicago. An extra gang of men is engaged in the work.

John Gribbins and Ed Bolden, electric light construction men, have returned to the city, the former from Portland, Mich., and the latter from Green Bay, Wis.

Passenger officials in all parts of the country are preparing to offer reduced rates to Washington for March 4, to witness the inauguration of President McKinley.

Chauncey Vind, one of the veteran engineers on the Lake Shore, was buried on Monday in Toledo. He died of Bright's disease at Highland Park, Ill., aged sixty-one years.

A Chicago lumber company is building a road twelve miles long from Cranberry, N. C., to Elmsville, N. C., where there is a heavy and expensive growth of white pine timber.

Ben McFarron, of the store room, and Bob Garniere and H. Carney, of the shop clerk's office, Pittsburg shops, were hunting at Convoy, Ohio, yesterday. They secured several rabbits.

George Green, an employe of the Union Telephone company, at Peru, Ind., and a son of the old Wabash engineer, is visiting friends here. A dozen years ago the Greens resided in this city.

The Pennsylvania line is doing a very heavy business at Toledo. To do the switching requires six engines by day and five at night. A year ago three engines by day and two at night did the work.

The Wabash has created the position of contracting freight agent at Chicago and appointed H. H. Purcell to the position. Mr. Purcell was formerly with the Michigan Central at Detroit, but the last five years has traveled for the Wabash as its representative in Wisconsin. T. P. Scott succeeds Mr. Purcell in that position. He has been chief clerk in the assistant general freight agent's office.

It has been estimated that at least 2½ per cent. of the entire population of the United States make their living out of the electric light and power industry and the branches of trade directly dependent upon it.

For the first time in three years the Toledo and Ohio Central has all its locomotives fit for service employed, in some cases using one crew for day trains and another, with the same locomotive, on night trains.

In October there were 141 accidents on the railways of this country, in which forty-nine persons were killed and eighty-nine injured. This is an unusually large percentage of persons killed as compared with those injured.

A new telegraph office has been opened at Lockwood on the Nickel Plate, that being the point of junction with the Chicago, Hammond and Western, the new railroad. B. H. Herold has been appointed agent at the new station.

So busy are the Wabash shops that nothing was given Wednesday that all men who wished to work on Thanksgiving day would be allowed to do so. About two dozen of the men worked, some all day and others until noon.

The employes of the Ohio Southern on Wednesday received their pay for the first seventeen days in September and next week they are promised the balance of their earnings for September and October. This is satisfactory and there will be no strike.

The suit of Mrs. Agatha B. Edson, of Rock Island, Ill., against the Pennsylvania railroad to recover the value of baggage lost in the flood at Johnstown, Pa., has been decided by Judge Neeley in favor of the road. The judge held that the flood was the act of God.

The Nickel Plate will shorten the running time of trains Nos. 3 and 4 next Sunday, when the new time card goes into effect. The new card will not materially change the hour of arrival of trains at this point. No. 3 coming in at 1 o'clock and No. 4 at 1:40 o'clock.

At present 2,000 men find employment at Baltimore in helping to handle the cars and unloading their contents in the holds of ocean steamers. Nearly every important fast freight line and road in the country is represented in side tracks of the Baltimore and Ohio at Baltimore.

If the Vandalia lines, if their mooring in Cleveland next month, carry out the proposition of the harvest service superintendents there will be the car service pool of the several Vandalia lines 30,000 box cars. It is not proposed, until the experiment has been tried, to pool other than box cars.

Rebellion Rampant in Madagascar.

PARIS, Nov. 27.—Dispatches received here from Antananarivo, dated November 13, say that the rebellion in the Island of Madagascar is rampant though the vicinity of the capital is quieter. No colonists are arriving and trade is paralyzed.

Czar's New Nephew.

Handley, pastor; West Jefferson street Church of Christ, Rev. P. J. Rice, pastor; Plymouth Congregational, Rev. E. E. Frame, pastor.

WILD With Eczema

I was a sufferer for eight years. Local treatment and medicines failed me. The poisons in my blood were covered with scaly humors. Both arms and legs, from wrist and ankle, were a mass of scabs, and my head was a solid scab. I was a constant sufferer, and almost a raving maniac. Night I would lie awake and scratch, and day was a repetition of the night. I was a terror to my friends, and was shunned as a contagion. Doctors gave me up as incurable, and I was pronounced by the physicians and hospitals as incurable. Before I had used the first bottle I felt relief, and after using six bottles I was entirely cured. I can conscientiously say that CUTICURA RESOLVENT is the greatest blood purifier ever discovered. JOHN D. POTTER, Hamburg, Pa.

Cuticura Resolvent, the new blood and skin purifier, and greatest of humor remedies, internally, and Cuticura, the great skin cure, and Cuticura Soap, an exquisite skin beautifier, externally, are a positive cure for every humor of the skin, scalp and blood, from pimples to scrofula, from infancy to age, when the best physicians and all other remedies fail. Sold everywhere. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, $1. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston. Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.
